As we began the year on August 16, 2001, the clear backpack rule would be the major issue this year. 5-12 as a safety precaution...

Or maybe we were more concerned with the new classes and new teachers. We now have an Advanced Placement system, as well as new vocational classes. Also, there are several new faculty members: Mrs. Smartt, Ms. Edwards, and Coach Lane.

● [*connected*]

Sadly, what will define this year is the tragedy that occurred Tuesday, September 11, 2001, when terrorists destroyed the World Trade Center and part of the Pentagon.

The tragic loss of life and overwhelming sadness united the country and connected the world like never before. Great Britain played our national anthem at the changing of the guard, people gathered for prayer services across the country, local businesses flew their flags, and the students of BHS paid tribute to the World Trade Center victims in a ceremony during a pep rally.

And so, we named our yearbook *Connected* because our connection to each other, the rest of the country, and the world will define this year.

PRESIDENT BUSH ASKED that all students send a dollar to a relief fund for the children of Afghanistan. Members of Student Council prepare to mail the donations.

"I would like to talk to you about one word. The word is **'UNITY.'**" Woodrow Wilson, former President of the United States, once said, **'UNITY** is the only cement that will ever hold the world together.' Let me add that **UNITY** is the only cement that will ever hold Bonham High School together. One cannot stand alone."

-Loy Dean Clark, Principal

HOLDING HANDS BEFORE THE coin toss, the football players prepare for the playoff game. Their helmets had American flag stickers as a tribute to 9-11.

PAL MEMBERS TIE RED, white, and blue ribbons on all the car antennae.

WE ARE ALL CONNECTED

THE YEARBOOK STAFF SENT OUT A SURVEY TO FIND OUT WHAT STUDENTS HAD IN COMMON. WE FOUND THAT EVERYONE HAD SOMETHING, NO MATTER HOW SEEMINGLY INSIGNIFICANT, IN COMMON WITH ANOTHER PERSON. SO WE MADE A CHAIN OF CONNECTIONS. IF YOU ARE NOT IN OUR CHAIN IT IS BECAUSE WE DID NOT GET YOUR SURVEY.

SO WHERE WILL OUR CHAIN BEGIN? WHO IS SOMEONE THAT EVERYONE AT BHS IS CONNECTED TO? WE THOUGHT LONG AND HARD AND WE FINALLY CAME UP WITH THE ANSWER.

READ ALONG THE BOTTOM OF THE PAGES TO FIND OUT HOW WE ARE ALL CONNECTED!!

Advanced Placement Courses Replace Honors Credit

With the beginning of a new school year came the beginning of a new program --the AP program. It takes the place of the Honors program and allows students to receive college credit while in high school, if they pass the end of the year AP Exam in May.

Teachers at each grade level participated in summer training to earn their certification for AP. They traveled to SMU or UTD to do this.

Mrs. Rebecca Knight and Mrs. Deanne Clark have said that the classes are a transition for the students, but also have been great to teach. The students have also benefited academically from these classes.

What did you enjoy most about doing the *Scarlet Letter* Trial?

"I enjoyed doing the *Scarlet Letter* trial because I got to argue with Sam! Also, we got to have free days in Pre-AP English."
-Jackee Harvey, JR

"I enjoyed getting to prosecute all of the witnesses because I want to be a lawyer so it was good practice for me. Also, the people's responses were hilarious at times."
-Leighanna Morton, JR

"I enjoyed being the camera woman. That was the best thing for me because I wasn't in the video at all."
- Kendra Boyd, JR

Their poems will be published in an anthology called *A Celebration of Young Poets*, which is considered a poetic record of the fears, hopes and dreams of today's students.

How much time does AP take outside of school?

"Not much, I spend about one to one and a half hours on Pre-AP homework."

-Axle Brown, SOPH

"About an hour a day every other day or three hours a day. It just depends on what we're doing in class."

-Amie Arfman, JR

"I think it depends on the project or work that needs to be done and the amount of time you want to spend outside of school. For me, the work has been more than any other class."

How do AP classes differ from the Honors Classes?

-Christina St. Clair, JR

"In AP class I have to work extra hard to keep up and understand what we are doing because we move really quickly, whereas Honors classes were more laid back."

Egg Drop Experiments

Tommy McClure, Chris Mackey, Heather Lester, Mr. Mike Vaught, Sean Langford and Mario Hernandez evaluate the drop just made from the top of the stands at Warrior Stadium.

Physics participated in a project that builds their creativity, the "Egg Drop Project." The purpose of the project is to design a device that would change the momentum of the egg inside over a long period of time, reducing the force on the egg. This decreases the chance of it breaking.

The grades are based on how many times the egg survives in three drops. The students also vote on winners from several categories, along with a teacher evaluation.

About 80 percent of the drops were successful and some of the most creative designs were produced this year, according to Mr. Vaught.

ABOVE: SUMNER MEEHAN AND CHRIS MACKEY PREPARE TO drop their egg off of the stands at the football field. Mr. Vaught's physics class does the egg drop to see if the eggs can sustain a fall to the ground.

From the Editor

It has been some year! I would like to thank the staff for all that they did, including the "It Happened in Yearbook" calendar and the hole in the ceiling. We will definitely not forget this year.

Special thanks to Kim Starnes for staying in the yearbook room with me all hours of the day to fix pages. (Panel Express!)

Thank you Mrs. Caylor for all the great memories from camp, UIL, and yearbook. These past four years have meant a lot.

-Caitlin Brumett

Caitlin, her camera, her wings....

Aerosmith (Maegan, Courtney and Kara) and back-up dancers (Jennifer, Amy, and Holly) perform at a pep rally.

No words could ever capture the diversity of this group and all the behind-the-scenes discussions.

[connected]

Many of this year's defining moments were ones of sadness. We suffered tragedies as Americans and as friends who lost friends. Our community lost 4 younger students through accidents and we lost 2 of our own. Through all the loss and tears, we were there for each other and we remained *connected*.

We will never forget 2001-2002 and all that we accomplished, despite our sadness. It started in the fall with the girls Volleyball as they captured 1st in district from 7th grade through varsity. It continued with the Warriors making play offs and Cross Country going to regionals. The Lady Warrior Basketball team tied for 1st in district and the JV girls also won 1st. The JV Cheerleaders competed in National Competiton in December. In the spring, the Swim team sent 2 to regionals and 2 Powerlifters qualified for state and brought home a 1st place. Both the girls and boys Golf teams placed 1st in district, while the girls Tennis team captured their district title.

Academically, NT Best placed 3rd in State and Mayor Carl McEachern declared an NT Best Week in Bonham. Four students won poetry prizes and will have their poems published. Three of The National History Day teams won 1st place went to state competition. In the classroom, it was the first year for the AP and PreAP classes as both teachers and students endured the challenge.

Performance carried on the winning with Choir solos earning 3 students a trip to state. Band placed 7 in the All-Region band and 2 in All-State Band. Drama produced the Wizard of Oz and 5 won awards for their work on the One-Act play-"The Importance of Being Earnest" by Oscar Wilde.

We named our yearbook *Connected* because our connection to the community, to the country, to the world, and most of all to each other will define this year-- not clear backpacks as we once thought.

In loving memory of Elvin Heath

In tribute of those serving our country.

In loving memory of Mario Hernandez
