MY Story

I enjoy playing Guitar Hero in my free time. It is really fun to play on expert because it has a fast beat. It took me a lot of practice and patience in order to increase the speed of my fingers and therefore play on higher levels. I lost my temper most of the time after quickly failing the songs, but now I am hardly defeated. I love to find players who can play as well as me because they are a challenge.

MY Story

"I have been working with my grandpa building furniture for three years. We build anything from king size beds to jewelery boxes. When we started, it was just a hobby, but now we build furniture as a full time job. One of the best things about working for my grandpa is that he teaches me all sorts of things, not just about building. I also just like being with him."

When asked what keeps him going he said, "Young people, they keep me young and it's a pleasure to watch them grow to become productive young men and women."

Story

"I assisted in the construction of four houses in Des Moines, Iowa during a mission trip last summer. I helped build the houses, plant trees, work on landscaping, dig trenches, and paint. The best moment is seeing the expression on the faces of the home recipients. They are so grateful, and it really makes your heart happy to know that you've helped someone in need. I believe that it is our obligation to give back and to serve others."

"Which one are you?" is a question the Nelms brothers dislike the most. "It's more annoying now than when we were little," says Justin. He will show tricks to anyone, but don't ask how!

"Last year I attended the Texas Academy of Math and Science (TAMS) at the University of North Texas. I loved living on a college campus; it was by far my favorite part. I had some pretty crazy experiences including a psycho roommate and insane professors. Overall, I genuinely enjoyed it and met tons of great people!"

"Having a sibling in school is awesome," says Derrell Hall (10) "But the bad thing about having them around means that they are the first to hear something bad about you," says Alicia Hall. Together, they participate in FFA as officers, he the chaplain and she the secretary. "We love having someone there you can count on in the same school!"

"My favorite game is Bioshock. The setting is in the 1950's where a madman has created an underwater city that is separated from the rest of the world. The main point of the game is the changing of one's genetic code by the use of plasmids. They are injected into body and give you powers such as the ability to create fire, ice, and tonados. The game is just plain awesome in every way..."

MY Story

Her dominant language is Spanish because she is actually from Mexico. Ms. Diana Bueno came to Bonham to teach Spanish I and II because she was looking for a good opportunity to work in Texas and she loves to teach. She used to teach in Mexico. Her degree is in International Relations and she is Spanish certified in Chihuahua, Mexico where she lived. She has a sister who lives in Dallas, but the remainder of her family still lives in Mexico. When she is not in school, Mrs. Bueno lives in McKinney and she likes to read, listen to music and run.

BLAZE BLAIN - Senior 2010

CONGRATULATIONS!

The day you were born the world became a better place because you were in it. You brought new meaning to my life. I have always felt so blessed that God chose me for your mom. For all the times I laughed and boasted about you, your kindness and your sweetness; all the times I sat with a lump in my throat, choking back tears of pride as I watched you perform; all the times I noticed how fast you were growing and changing into a magnificent separate person; all the times I marveled at how perfect you were as I watched you sleep and kissed your cheek. For all the times past and the times to come, you will always be my baby no matter how old you get. You are one in a million! Don't go where the path leads. Go instead where there is no path and leave a trail.

I love you with all my heart!
Mom

I'm so proud of you and all the admirable qualities you have. I'm also thankful and blessed to have been a part of your life and know the best is yet to come. I know a great future is in your horizon.

I love you, Bubba,
Shane

You're the best. We love you!

Sydney, There is just no way to put into words how proud and how much we love you! God answered every prayer and dream when He blessed us with you! Now that you are starting a brand new phase of your life, just "remember all the smiles of the old photographs" and work hard to make all your dreams come true!

Love Always, Dad, Momma and Mitchell

Our baby girl has grown up.

We love you so much!

Mom & Dad

Lauren Reeves

I am so blessed and honored to be your mother. You have always made me so proud and added such joy to our home. I've always said you were born with wings and a halo because you are truly an angel and gift from God. Your loving spirit and Godly integrity go before you. Continue to rely on God and seek his guidance for your future. Search your heart and follow your dreams. I knew one day I would have to let you fly and that day is quickly approaching. I have to say it is bitter-sweet. I am so excited for the wonderful future I know awaits you as you move on to college. However, I know also I will miss sharing a home with my best friend. As you know, I will always believe in you and always be here for you. Proverbs 11:3 & Jeremiah 29:11.

I love you, Mom

As you have grown over the years, God reminds me how special you are to my heart. Your goals are endless as is my love for you. I am very honored to have you as my daughter.

Love, Dad

Mattie Ruth Winkles

It doesn't seem possible that you are graduating. Only yesterday, you and your classmates were the first kindergarten class in Finley-Oates.

We have watched you grow into a lovely, Christian young lady. We are very proud of you. From a very young age, you were interested in sports and your dream was coaching. Circumstances beyond your control changed that dream and... we are so proud of your acceptance of your circumstances. (I can do all things through Christ who gives me strength. Philippians 4:13)

God has and will continue to open many doors for you as you seek His guidance in your daily life.

Thank you for your stamina, hard work, strong will, loving heart, servant attitude and Christian attitude.

We are very proud of you and wish you the best in the next chapter of your life.

Continue in your walk and you will continuously be blessed.

Love you bunches - Mom, Dad, Mimi, PawPaw, Aunt Charlotte, Uncle Kerry, Rachel, Michael, Tuck & Dylan

Daniel,
In the past 18 years you have grown into an amazing Christian, an honorable young man, a terrific brother, an adoring uncle, and a near perfect son. The next four years may be the best of your life and the hardest of ours. Remember to keep God first in all you do; and his consultation will never lead you down the wrong path.
