THE EAST TEXAN

VOL. X

COMMERCE, TEXAS, JULY 20, 1928.

NO. 32.

Farmers Short Course Called Splendid Success

TEN COUNTIES REPRESENTED IN TWO DAY AGRICULTURE SCHOOL MONDAY AND TUESDAY.

FULL PROGRAM CARRIED OUT FOR VISITORS OF E. T.

The Farmers' Short Course which was held at the East Texas State Teachers College Monday and Tuesday of this week was considered a complete and unqualified success by all those who were connected with the course. A full program for the two days was carried out according to schedule.

Ten counties were represented by the boys and girls who were here to attend judging contests. 90 boys and 30 girls registered as guests of Commerce and the college to spend Monday night. The city natatorium was filled and given over to the visiting boys and girls in which to swim. The lectures and addresses of the short course were well attended, and all of those who heard these talks agreed that the speakers were trained men and women and knew their field of work. Among those giving talks were Dr. S. H. Whitley, President of E. T. S. T. C., V. E. Conway, Secretary of the Chamber of Commerce, G. E. Adams, Miss Sally F. Hill, R. R. Reppert, Entomologist of A. & M. College, A. E. Miller, Agromonist, A. & M. College, and J. E. Stanford, Agricultural Director of the East Texas Chamber of Commerce.

The mornings of this course were devoted to the lectures and shop talks, while the afternoons were spent in sectional meetings. At these afternoon meetings the practical side of farm work was discussed. Judging contests for boys and demonstrations for the girls were held. This T. gave cooking and clothing demonstrations.

Tuesday noon, the entire crowd was taken to the city park, where dinner was served consisting of barbecued beef, pickles, onions, tomatoes, and iced tea. The sectional meeting of the afternoon closed the course. This was the first meeting of its sort to be held in E. T. It is planned in the future to make this a permanent affair.

BAND CONCERT FRIDAY EVENING

Without interruption, the College Band under the supervision of Prof. Deonier, has given its Friday evening programs every week for five weeks. The concerts have been well attended, and it is felt that the audiences have spent their time well in coming out to these musical programs. The band will play this evening as usual. The program will be as follows:

1. March, Fiume March.....Boccalori
2. March, Near Beer.....Castillo
3. Waltz, Danube Waves.....Ivanovic
4. Couers et Fleurs.....Lobani
5. March, "Religioso".....Chambets
6. Idillio.....Lack
7. Washington and Lee Swing.....Allen

The program will be enjoyed much more if the students will have a copy of the program on hand and know the pieces that are played. Since the bank gives concerts of standard numbers, it would be well for the people to acquaint themselves with the numbers in order that they will be able to recognize the melsewhere. A musical education is an education which is of much enjoyment to the owner.

Weather

"Conditions indicate little change in weather for the latter part of the week," is the forecast made by the Geography Class. "The future will likely be warmer weather, which may follow showers."

James Mitchell is in school again after a six weeks rest. He receives his B. S. degree at the end of the summer session. Mitchell will be missed next year on the Lion eleven where for the past two seasons he has found himself a position.

A CHANGE OF FACULTY MEMBERS

With the advent of the remaining half of the summer session there has been a number of changes in the faculty. A number of teachers and professors have gone to take their vacation or to attend school the rest of the summer. Since the Training School closed its term last week, those teachers have nearly all left for their homes or other places. Four new faculty members have been added to take the place of those teachers who have left in the College.

Mr. G. A. Newton of Trinity University will assist in the Mathematics Department.

Mr. M. U. Lively will teach English the remaining of the summer. He is of the University of Washington.

Mr. W. T. Betts of Marlin, Texas, will also assist in the English Department.

Mrs. Lucille Austen of Paris, Texas, will be connected with the Home Economics Department.

Miss Duralde Boren, director of the Kindergarten, will be in Peabody College, Nashville, Tennessee, for the remainder of the summer.

Prof. L. C. Gee has returned to his home at Greenville, Texas, where he is Superintendent of the schools.

Prof. E. B. Comstock, principal of the North Dallas High School, who has been instructing courses in Education during the past term, will not be here this six weeks.

Miss Beth Bryant of the English Department has gone to Dallas and (Continued on third page)

WRECK VICTIMS MUCH IMPROVED

The four young people who were in an automobile collision last Saturday morning on the Greenville highway are all on the road to recovery. The occupants of the car who was most seriously injured is still confined to the bed at the home of Mr. and Mrs. W. W. Williams on South Monroe street.

Marie Allen and Pearl Bethune were on the return trip to their homes, which are located near Ennis Texas, together with Miss Bethune's brother, Raymond, and sister, Lillian, who came after the couple. A few miles out the car in which they were riding, a Buick touring car, collided with an onion truck when a third automobile attempted to pass them. The collision was terrific. The onion truck was mashed and onions scattered over the highway for yards around. The Buick was almost completely demolished and the occupants were all cut and bruised, especially Miss Lillian Bethune, who was thought to have been fatally injured at first. Her most serious wound was a deep cut on the side of her neck which barely missed the jugular vein.

They were picked up by a passing motorist and brought to the office of Dr. Pratt where they were treated and later Miss Bethune was carried to the Williams home.

Mr. and Mrs. Bethune came over immediately after the accident, but Mr. Bethune returned to Ennis Sunday.

Miss Bethune returned home yesterday.

STUDENT BODY MAKES SHIFT

The new term brought some changes in the student body of the school. There were a number of students to enter the school for the last half of the session, and there were quite a number who dropped out.

The secretary's office showed that there were 124 students to enter this term. This includes a number of students who failed to register for both terms at the beginning of the summer, as well as those students who have just arrived here. The enrollment for this term included a number of students who were here in the regular session. They seemed quite happy to be back with the old crowd and were ready to begin the fight through July and August for their courses.

The books in the secretary's office had 161 people set down who called for their refund, which meant definitely that they would not be here this term.

The extra long lines at the textbook library were avoided this time since the students distributed themselves fairly evenly at the library during the two days of the term. The issue of the books were also facilitated by the orderly lines that the students formed while waiting.

DR. C. C. GREGORY TO GIVE SERMON

Dr. Carl C. Gregory will preach the commencement sermon for the summer session of the college, at the eleven o'clock hour on Sunday, August 19.

Dr. Gregory is pastor of the First Methodist Church, Dallas, and is a preacher and speaker of well known reputation. He is one of the leaders of the Methodist Church, and the students, faculty people and citizenship of Commerce will have an opportunity to hear a man of exceptional ability when Dr. Gregory comes. Everybody is invited to hear him.

Schedule Changes

Beginning with today, Friday, the classes of the first period, which have been meeting at 7:35 will meet at 7:55. All classes which have been meeting at 8:30 will meet at 8:50. Chapel will begin at 9:45. Other classes of the day will continue in their regular order.

MUSICAL PROGRAM FOR NEXT SUNDAY

On Sunday afternoon, July 22, the Ladies Band of Ft. Worth, Texas, under the leadership of Mr. Earl D. Irons, will render a program at the College Auditorium at 3:30.

This band from Ft. Worth is one of the few bands of the country made up entirely of women. There are about thirty instruments in the band, and it has established for itself quite a reputation in North Texas. The students, faculty and the friends of the college are very fortunate in having an opportunity to hear the program.

The program will begin at 3:30 and continue until about 5 o'clock. Everybody is invited to be present. There will be no admission charges.

The college is putting on this program for the benefit of the musical as well as the spiritual life of the community. It is one of those opportunities that comes to the college in which people have an opportunity to enjoy music of the highest type.

President Whitley is hopeful that the auditorium will be filled when the hour arrives for the program to begin.

Everybody is invited to be present.

MISS STORRIE TOURING EUROPE

Word has been received from Miss Elizabeth Storrie, head of the Home Economics Department, who is now touring Europe, that she is in Paris, France, and is enjoying the theaters, races, shops, museums and other sources of amusements.

Before returning home, she will be on the Riviera. Other than this she is to tour Italy, Switzerland, Germany, and Holland. From there she goes to Scotland, the place of her birth. After about two weeks in Scotland she will return to Commerce where she will arrive in time for the fall term.

Enrollment 2201

In chapel, Thursday morning, Dr. Whitley announced the enrollment of the school as 2201 for the summer session. This is by a considerable number the largest student body which has ever been on the E. T. campus to attend school. It is hoped that this record attendance will continue in the fall term.

"The Cat and the Canary" To Be Presented Tonight

ALL STAR COLLEGE CAST TO GIVE ONLY PLAY OF THE SUMMER.

ESTELLE TAYLOR HAS LEAD IN FAMOUS MYSTERY PLAY

DR. WHITLEY ADDRESS STUDENTS

At the last chapel meeting of the past term Dr. S. H. Whitley, President of the College, addressed the students, in a farewell talk to those who might be leaving, and in a heart to heart talk with those students who were here to stay.

Dr. Whitley began his talk with an interesting history of the Blue Bonnet scene, which is on the stage of the auditorium. This scene is one of the most beautiful to be found anywhere, and Dr. Whitley explained that it was with considerable trouble that he was able to obtain it.

Following this, Dr. Whitley gave a resume of the critical financial conditions of the Summer Schools of the State Teachers Colleges of Texas. He told the student body of the contracts under which the teachers had entered and of this school, as well as other schools, in which they had agreed to teach the summer and receive a salary only as long as the money lasted.

He told the student body that if the Summer School was to function in the next few years there would have to be a change in the legislation, for as it is, there can be no possible hope for running the school on the amount of money allowed the school now. He urged the students to take up the matter and to get their communities interested in the situation if they were desirous of having a summer school.

ALTON PACKARD TO GIVE PROGRAM

Alton Packard, noted cartoonist, will deliver a lecture at the College auditorium at Commerce on the evening of July 24, beginning at 8:00 o'clock. Mr. Packard is a speaker well known to this section of the state and all who have heard him know that his lectures are interesting, instructive and highly entertaining.

The general public is cordially invited to hear Mr. Packard.

HOME EC. GIRLS STAGE EXHIBIT

During the Farmers Short Course held on the campus last Monday and Tuesday the Home Economics Department gave two exhibits for the course. The first was held Monday, and was a cake decoration demonstration, which consisted of the ornamentation of cookies, small cakes, and large cakes by the use of fruits, nuts and ornamental ices of various sorts. This demonstration was held from 2:30 until 3:45 and was in charge of Misses Verba Smith, Edna Earl Jerrigin, and Beatrice Coney. These young ladies were assisted by Miss Juanita Rice of the Home Economics Department.

On Tuesday, from 1:30 until 2:30 the Clothing Department staged a style show, giving examples of dresses in house dresses, sheer summer frocks, woolen dresses, suits and evening dresses. This display was said by those who witnessed it to be one of the best that they had seen in a long time, especially were the evening dresses complimented.

There were about fifty girls of Home Economics classes to participate in this exhibition.

Miss Juanita Rice, of the Home Economics Department, left Wednesday for her home in Moody Texas. She plans to spend a few days with her brother in Dallas while enroute to her home.

Swain Phillips, one of the spring graduates, is now teaching in Pittsburg during the summer session of the High School there. Next fall he will be located at Omaha, Texas.

This evening, Friday, July 20, at 8:00 o'clock "The Cat and the Canary" will be given in the College auditorium under the auspices of the American Legion Auxiliary. This play is the only play so far that is scheduled to be given this summer. The cast is composed entirely of students and people connected with the school. These people are practically all former favorites of the Commerce Community Theatre, and are appearing in their greatest starring vehicle.

The cast is as follows:
Annabel West—Estelle Taylor.
Cicily Young—Margaret Muller.
Susan Sillsby—Thelma Shaw.
Mammie Pleasant—Mrs. L. D. Parsons.

Paul Jones—Joe Murphy
Charles Wilder—Stanley Cameron.
Hendricks—L. D. Parsons.
Patterson—Bill Jones.
Roger Crosby—W. C. Stell.
Harry Blythe—E. K. Wood.

The play is declared to be the most thrilling mystery play of the decade. It was first produced in New York about five years ago and has just been released for amateur production. It is one of the most costly plays that has ever been put on at E. T.

The scene is laid in a mysterious house on the Hudson river and the time of the play is from about 11:30 until 11:50 which means that the spookiest part of the night is to be used.

"The Cat and the Canary" is said to be a much stronger play than "The Bat" with which it is sometimes compared. Those people having weak hearts and who can't stand mystery, thrills, excitement, humor, maniacs, and hair raising fear, are advised to stay away.

Music will be furnished by the College Orchestra under the direction of Prof. Deonier.

The admission is twenty-five cents to all and no reserved seats. It is advisable to come early in order that good seats may be obtained.

HUNT DROPS GAME TO HOPKINS CO.

Last Tuesday evening, two undefeated basketball teams, Hunt and Hopkins, met on the gym floor to see who was the stronger, and as a result of the conflict the Hopkins County Quintet scored over the Hunt County five 45-25.

The first half of the game was tightly contested; the score at the end of that period being 14-13, with Hopkins with the unitarian edge. During the remaining moiety the Hunt county lads had their two guards and one forward called off the floor due to an excess of fouls. This put Hunt in the game with only four men and Hopkins seized the opportunity to give their opponents a score not soon to be forgotten.

The game as a whole was a ruff and tumble affair. Once the fire department was thought of being called out to get the boys settled.

A good sized crowd was out to witness the spectacle, and it is felt interesting the games of summer that if the student body knew how basketball are, there would be a packed gym every game.

Remember

- July 22, 3:30 o'clock—Ladies' Band.
- July 24, 8:00 o'clock—Alton Packard.
- July 27, 4:00 o'clock—Hella Temple Band.

Miss Cleoiea McMillan of Hughes Springs and a graduate of E. T. spent the week end in Commerce visiting friends. Miss McMillan is attending State University this summer where she is doing work on her Masters Degree.

BIOLOGY COLLECTION STILL GROWING

With the acquisition of a mounted screech owl, the Biology department made another addition to its collection of zoological and botanical specimens. The screech owl, which was received the latter part of the spring term, makes three owls in the collection. Besides this little fellow, there is a barred owl, sometimes called a marsh owl, and a barn owl, better known as a monkey faced owl. These three birds are realistically mounted and are well worth the time spent in looking them up.

There is also in the group of mounted birds, a Coot, which has been in the department for several years.

In the rear of the library is probably the prize of the collection. In a large glass cage is a fine specimen of a Golden Eagle. This eagle was shot near Sulphur Springs (in 1923) by a farmer who presented it to the college. It was stuffed and placed in its resting spot in the library, where it has been since. It measures nearly 6 feet across the tips of the wings. It is a rare bird in this locality, but the year in which it was killed there were several of the birds in the country having been blown here by heavy winds and storms. They are more numerous in west Texas.

The alligator of the department is doing nicely in the open court in the Industrial Building where he is spending the summer in his pen. It

is now five years old and affords considerable pleasure to the students who come out for a peek at the animal. He spends his winters in the aquarium in the Biology laboratory well away from harm. It is hoped that he will soon be large enough to enjoy the educational atmosphere of the school.

WORKMEN HAVE BIG BARBECUE

Last Monday evening, at the City Park, the workmen of the college, together with their families and their employers, held their third annual barbecue. There were more than a hundred people present at the spread which consisted of beef, goat, pork, ice cream, pickles and sandwiches.

The supper was thoroughly enjoyed by everyone present. Dr. Whitley, Dean Ferguson, Prof. and Mrs. Lutz, Prof. Rix, Coach Murphy, Mrs. Ackler, and Miss Sallie Hill, of the Short Course were all present as guests. The event was started by L. I. Smith two years ago and the first meeting met with such great success that it was agreed to make it a permanent affair.

There is being planned the greatest barbecue of all times to be held next year—yet according to Mr. Mc., the mail man, "Next year is a long ways off, yet."

Angelo Cruz, star guard of the Quintet, has resumed his studies at E. T. after an absence of two terms. Cruz says that he is glad to be back with the old bunch again.

WRAY SUGGESTS READING LIST

This is the third of a series of list of books, which Dean E. H. Wray, Head of the English Department, is giving the students in an effort to help the students improve his reading material. It is an old story now, but it is a wise man who cuts these list and saves them for future reference.

- Criticism—
 Arnold, Matthew. Culture and Anarchy.
 Arnold, Matthew. On Translating Homer.
 Birrell, Augustine. Obiters Dicta.
 Chesterton, G. K. Varied Types.
 Collier, Price. England and the English.
 Collier, Price. Germany and the Germans.
 Dickinson, G. L. A Greek View of Life.
 Doyle, A. Connan. Through the Magic Door.
 Eastman, Max. The Enjoyment of Poetry.
 Emerson, R. W. English Traits.
 Gates, L. E. Studies and Appreciations.
 Hamerton, Philip G. Graphic Arts.
 Harrison, Frederick. The Choice of Books.
 Hazlitt, William. English Comic Writers.
 Jebb, R. C. The Growth and Influence of Classical Greek Poetry.
 Lang, Andrew. Letters to Dead Authors.
 Lowell, J. R. Among My Books.
 Lowell, J. R. My Study Windows.
 Lowes, J. L. Convention and Revolt in Poetry.
 Morley, John. Critical Miscellanies.
 Neilson, W. A. Essentials of Poetry.
 Pater, Walter. Appreciations.
 Raleigh, Walter. Wordsworth.
 Ruskin, John. Lectures on Art.
 Shaw, G. B. Dramatic Opinions and Essays.
 Shaw, G. B. The Perfect Wagnerite.
 Stephen, Leslie. Hours in a Library.
 Stephen, Leslie. Studies of a Biographer.
 Stevenson, R. L. Familiar Studies of Men and Books.
 Thackeray, W. M. English Humourists.
 Van Dyke, Henry. Companionable Books.
 Wells, H. G. First and Last Things.
 Woodberry, George E. The Appreciation of Literature.
 Other Prose—
 Benchley, R. C. Of all Things.
 Bunyan, John. The Pilgrim's Progress.
 Burroughs, John. Riverby.
 Burroughs, John. Fresh Fields.
 Cabot, Richard C. What Men Live By.
 Carlyle, Thomas. Sartor Resartus.
 Curtis, George W. Prue and I.
 Drummond, Henry. The Ascent of Man.
 Erskine, John. The Private Life of Helen of Troy.
 Fiske, John. The Beginnings of New England.
 Grayson, David. The Friendly Road.
 Grayson, David. Adventures in Friendship.
 Grayson, David. Adventures in Contentment.
 Grayson, David. Adventures in Understanding.
 Hazlitt, William. Table Talk.
 Holmes, O. W. The Autocrat of the Breakfast Table.
 Huxley, T. H. Lay Sermons.
 Huxley, T. H. Science and Culture.
 James, William. The Varieties of Religious Experience.
 Jenks, Tudor. In the Days of Chaucer.
 Jenks, Tudor. In the Days of Shakespeare.
 Leacock, Stephen. Nonsense Novels.
 Maeterlinck, M. The Life of the Bee.
 Maeterlinck, M. Our Friend, the Dog.
 Riis, J. A. How the Other Half Lives.
 Ruskin, John. Unto This Last.
 Sharp, D. L. The Magical Chance.
 Tyndall, John. Fragments of Science.
 Tyndall, John. Glaciers of the Alps.
 Wells, H. G. Outline of History.
 Wister, Owen. A Straight Deal.

FIRE PREVENTION EXHIBIT HELD

Beginning last Wednesday afternoon and lasting through Saturday, there is being displayed in the main corridor of the Education Building a large number of posters, books, and other materials pertaining to the prevention of fire loss. This material is the result of the work of school children in 125 cities and towns in Texas.

The exhibit is being sent out by the State Fire Insurance Department to all the Teachers' Colleges of the state in order that the teachers attending these schools might have an idea of what is being taught about fire prevention in the public schools. 453 cities and towns in Texas have had their insurance rates reduced by observing general fire prevention laws and by keeping down the fire losses in their sections.

There will be free material concerning this subject sent out to all those people who desire to have it, if they will leave their names and addresses with Miss Olga Juniger who will be for a greater part of the time with the exhibit. This material will be sent out in September.

All students are asked to see these posters and give the problem of excessive fire losses some thought for goods that burn does no one any good. It is better to have them stolen as far as the actual service to be received from them.

French Notes

Le Cercle Francais had a very interesting and enjoyable meeting on July 9, in Greenville, at the home of Miss Mary Kelly on Templeton Avenue.

Mr. Pat Woosley, the president of the club, presided over the best attended meeting of the year. He and Mrs. Wild had very kindly furnished means of transportation for the members residing in Commerce, and a few guests.

The meeting took the form of a round table discussion of Paris, each member contributing some interesting fact about the far-famed "Gai Paris". Most of the contributions were made in French and many interesting things were learned. After all the members had spoken, Miss Ponce de Leon, who was present as a guest, was called upon and requested to speak in English for the benefit of the several guests who had not been initiated into the mysteries of the French language. She very graciously rose to the occasion and gave many intimate glimpses of the many-sided life of the city, which were all the more interesting to Le Cercle as they were accounts of actual experiences which she had had during the years of her residence in Paris.

The hostess served a delicious ice course. After the singing of La Marseillaise, the national anthem of France, the meeting adjourned to meet July 24, with Miss Caroline Mitchell on Maloney street.

HOPKINS COUNTY CLUB MEETS

Monday evening, July 16, at 7:00 o'clock the Hopkins County Club met in the old gymnasium. An interesting program of musical numbers, readings and games was given which was well received by the club. There was a large attendance out and it is hoped that the next meeting will even be larger.

Following the program the club adjourned to meet again Monday, July 23, at Oney's Lake. All Hopkins County Club members are urged to be present.

BUB TAYLOR RETURNS HOME

Bub Taylor, a student of the regular session, who recently underwent an appendix operation, returned to his home on Locust street last Tuesday afternoon from the local sanitarium.

Bub has been in the hospital 12 days, and was doing fine, consequently the change to his home. It is hoped that he will have a speedy recovery and be ready for business next fall.

Boy, have you seen those new E. T. Buckles. They are pippens—Hess & Brown have them.

Morris Frances, a Commerce boy, who enlisted in the Regular Army eight months ago, is home on a thirty days leave of absence. He ranks as a sergeant. His location is at San Antonio.

Boy, have you seen those new E. T. Buckles. They are pippens—Hess & Brown have them.

CONSTIPATION

Constipation, which some authorities believe to be the root of nearly all disease, is a condition that becomes progressively worse. In the beginning it is a failure of the intestinal muscles to move along the waste. As this waste becomes encrusted within the intestines, the condition becomes worse.

The muscles which operate the intestines are in turn operated by nerves. The primary trouble is irritation of these nerves which occurs at the spine, and can be corrected by Chiropractic adjustments.

By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.

**ELECTRICAL WORK
DONE ON CAMPUS**

Some work has been done during the past week on the electrical connections of the college. There were several lights on the campus which have been out of commission due to the fact that the old wires in the line burned out. The new line is being laid in a lead cable and it is expected that there will be no more trouble from this source for some time.

**RICHARD BLY WITH
NAVAL RESERVES**

Richard Bly, son of Mr. and Mrs. W. F. (Doc) Bly, left July 7 with the Naval Reserve unit of Dallas for Houston and other points east. He will be with the Reserve about three weeks during which time he is to take in Houston, Key West, and Havana, on the U. S. S. Mahan.

Richard joined the Naval Reserve about two months ago and is a seaman of the Second Class. In his letter home he told his parents that they had a cause to be proud of him since he made the trip from Dallas to Houston without becoming the least bit seasick.

Wood County Club

After being silent last week, the Wood County Club met again Monday evening, July 16, at the usual hour. We were greeted by several new members and a new president.

Mr. Jarvis Miller was elected president of the club. Miller is a hard-working man and we want to help him put the work of the club over. All officers were re-elected for another term.

The club meets every Monday evening at 7:00 o'clock in front of the Main Building. It is urged that all people from Wood county come out and help the bunch to enjoy themselves. The crowd always plays, eats, and drinks. Don't forget the meeting date.

Bean—Darling, I'm pining my life away for you.
Flapper—That's oak with me.

Lemmie Butler says that he has been feeling sort of funny today. He says he has been so sleepy that he didn't know whether to get up or go to bed, because he didn't know whether he was awake or asleep.

**E. T. ORCHESTRA
IS ORGANIZED**

The first student's orchestra of the campus in several terms is now functioning properly under the directorship of Glendon Drake. All of the members have had experience in orchestra work and are drawing favorable compliments from the students.

The orchestra furnishes the music every Wednesday for the Hippodrome Theater. It is planned that these people will give a chapel in the near future. Announcements concerning the fact will be made later. The personnel of the orchestra is as follows:

Glendon Drake, Thombone.
Marvin Prim, Manager, Drums.
Theo Wright, Trumpet.
Dick Deonier, Clairinet.
Cyrus LaGrone, Saxophone.
Mary Sue Comer, Piano.
Howard Simons, Banjo.
Gregory LaGrone, Bass.

**JOHN PRATT GOES
TO WISCONSIN**

John Pratt left Tuesday for Milwaukee, Wis., where he will be with the Allis Chalmers Manufacturing Company. Johnny is a graduate of the Training School. He finished there in 1922 and the local High School in 1924, and since has been doing work in Texas A. & M. College at College Station. He received his degree there this past spring, in which he elected Electrical Engineering. Pratt left an unusual record behind him at A. & M. of which he can well be proud. He was, in his senior year, Major of the Signal Corps and President of the college chapter of the American Institute of Electrical Engineers.

**CARL HOLLEY PAYS
ALMA MATER A VISIT**

Carl Holley, of the class of '25, paid the campus a visit during the quiet hours of the beginning of this week. Carl told us some startling things, one of which was that he was married. Mr. Benjamin Ben B. Patrick, of the library force, paid his respects to Mr. Holley's avidity to hymeneal tribulations in the following manner: "Carl is a dern fool." To this stigma of inaneity Mr. Holley looked far into the distance and replied, "I know it." (Ed. Mrs. Holley is not to see this.) Carl is located in Mineral Wells, Texas, where he is teaching the adolescents as he would be taught himself—in other words he is coaching. It will be remembered that he was a three letter man for two years at E. T. gaining recognition in baseball, basketball and football. This last season he stated that he put out a cracker-jack football squad.

**A CHANGE OF
FACULTY MEMBERS**

(Continued from first page)
will not teach this term.

Miss Pauline Rogers, also of the English Department is doing work on her Ph. D. degree at the University of Texas.

Miss Simpson of the Education Department has returned to her home in Greeley, Colorado.

Miss Gullickson, who taught the second grade of the Training School, has returned to Cherokee, Iowa.

Miss Ethel Crutchfield, first grade critic teacher, has gone to Warrensburg, Missouri, to spend her vacation.

Miss Carrie Shepherd is spending the vacation with her parents at Abilene, Texas. Miss Shepherd will spend next year in Columbia University.

Miss Rohlfing, who taught the sixth grade in the Training School, has returned to her home in Missouri.

Miss Pauline Davis, English teacher of the High School department of the Training School, has returned to her home in Memphis for the remainder of the summer.

Mr. E. W. Duck, who taught Social Science in the Training School has gone to Peabody College where he will do work in that field.

ODIS BRADFORD RETURNS

Odis Bradford, librarian, who has been attending school at Texas A. & M. College, is here for a few days. Brad is looking fine and one wonders if he is studying any—we hope he is, and that some morning he will wake up about 11 o'clock with eight or ten books that were due in at 8. Maybe he'd know how we feel. He will return to school Monday and finish the term there, where he is working on his M. A. degree.

For a short time only, we've sliced our prices in less than 1-2. Ask about it.—Howse Studio.

ABRAMSON'S

TRAINING SCHOOL CLOSSES SESSION

The Training School Department of E. T. closed its work for the summer, last week. There were two exercises held. The first occurring at 8:45 at which time 34 children graduated into the Junior High School. There was a brief program for this occasion. An organ number, played by Mrs. Mozelle Allen began the exercises. Brother Hickerson delivered the invocation and gave several readings from the Bible. Following this the children of the first to fifth grades, inclusive, sang several songs and Prof. J. G. Flowers gave the address. The program was concluded by the presentation of the diplomas by Miss Ann Workman.

At 11:15 the High School had their exercises. Due to the fact that the Seniors of the class graduated in June there was little to be done at this meeting. The reports for the year were given out at this time. Prof. J. G. Flowers, Director and Supervisor of the Training School, stated that the past year had been a very excellent one during which many things had been accomplished.

The enrollment of the Training School is 325.

HELLA BAND AT E. T. JULY 29

At four o'clock on Sunday afternoon, July 29, the band of Hella Temple at Dallas, Texas, will render a program in the Auditorium of the East Texas State Teachers College at Commerce. The college has featured afternoon programs during the summer session, and the coming of Hella Temple Band is but one of the interesting Sunday afternoon programs that have been rendered at the college.

The Hella Temple Band is well known throughout the southwest for the excellence of the musical numbers which it renders. In addition to a large number of band and orchestra numbers the Hella Temple Quartet will render a few numbers. The program for the afternoon promises to be very interesting and entertaining, and the friends of the college throughout Hunt county and this section of the state are cordially invited to be present for this program. There are no admission charges and the opportunity will be given, therefore, to everybody who loves good music to hear this program without any expense.

The general public is cordially invited to be present.

TROY CRENSHAW LEFT FOR CUBA

Mr. Troy Crenshaw, together with his wife, left between the terms for Cuba, where he will hold a position with the United Fruit Company. Mr. Crenshaw has been teaching in the school the past six weeks, having two classes in English and the Training School Spanish.

He is an E. T. graduate and is to receive his Master's degree soon from a state teachers college at Greeley, Colorado.

STUDENTS GIVE RADIO PROGRAM

On Sunday evening, July 8th, the Choral Club of the Training School of E. T. S. T. C. gave the following interesting and enjoyable program, which was heard by a number of people in Commerce, who tuned in with WRR, Dallas, Texas:

1. (a) Bells of the Sea, (b) Miss Lois Abernathy, Pianist.
2. Come Where the Lilies Bloom.—Choral Club.
3. On the Road to Mandalay.—L. C. Mitchell.
4. Clarinet Solo, "The Swiss Boy."—Carl Deonier.
5. (a) By the Mississippi—Davis. (b) One Fleeting Hour—Lee. (c) The Rosary—Nevin—Choral Club.
6. Vocal Solo Souvenir—Dedly.—Miss Miriam Young.
7. Violin Solo. (a) Romance in A. (b) Libstraum.—Miss Mozelle Lundy.
8. Piano Solo—"The Crap Shooter's Dance."—Miss Lois Abernathy.
9. Training School High—Fuller—Choral Club.

NEW ROOFS FOR E. T. BUILDINGS

For the past two weeks repair work on the roof of the buildings on the campus has been in progress. The Heating Plant was re-roofed last week, and the Industrial Building was reworked. This week the workmen have been working on the Main Building where a completely new roof is being put on. This work on the buildings will probably be finished by Saturday.

The new roof, which is now being laid is expected to be one of exceptionally good quality. The old roofing material is being torn away and the base is coated well with hot asphalt. A layer of thirty pound felt is then laid and it is covered with melted asphalt. On top of this another layer of felt, fifteen pound felt, is laid and this is covered with asphalt and gravel.

Following the re-roofing of the building their is planned a bit of repainting.

MISS BEWLEY GIVES READINGS

July 10, in the College Auditorium, Miss Irene Bewley of New York rendered a reading program for the benefit of the students and townspeople. Miss Bewley is a reader of considerably more than the average ability and is a Texas woman who has for a number of years been living in New York.

Miss Bewley's numbers were well given and the crowd listened attentively during the whole program. Her stage presence was exceptional, that fact was felt from the moment she made her appearance on the platform. Her voice is musical and her renditions were received with great pleasure by the audience.

Romy Ferguson of the regular session found it too hot chopping cotton and decided to try a little education the last six weeks of Old Sol's rampage. Ferguson is noted for his achievements on an instrument commonly known as the guitar.

Howard Mason has gone home to wait patiently for his sheep skin. Howard finished his work for his degree the past six weeks and will spend the rest of the summer wishing he was back among fans and exams.
