The train is scheduled to

leave Commerce at 8:30 a. m. Saturday, and will arrive in Denton around 11 o'clock that morning, giving its passengers plenty of time to at 2:30 p. m. The return trip will get underway at o'clock Saturday night.

Fare for the round trip will be \$4.14, which is considerable increase over previous costs for the trip. The higher fare is due to the government's failure to restore the special rates that were in effect before the war for this type train. The rates were suspended early in 1942 to aid the scrambled wartime transportation mixup, and the railroads' petition for restoration of the special fares has not yet been granted.

Advanced ticket sales are being pushed by the Ogima club, sponsors of the train, in order to assure railroad officials that de_ mand for the train is great

The chips are down. The winner of this Saturday's game between East Texas and North Texas garners the Lone Star conference championship and the host team bid to the Houston Optimist clubs' Dec. 21 bowl game.

This is the big week of the season for the Lions.

The Lions, undefeated since their season's opener, have taken advantage of last week's open date to prime themselves for the all-important encounter. With only a

Youngsters' Inefficiency Causes **Justified Criticism From Oldsters**

Much justified criticism is dealt these days to youngsters by older people because of the inefficiency youngsters demonstrate in performing their duties.

Regardless of the activities one does, a person always profits by having a certain, planned system of doing things. This applies to studies, play and social activities.

Studying, for example, is a pain to many people. Much anguish would be eliminated if an organized, methodical way of studying were set up.

One begins to study an English assignment which includes some reading and written exercises. A page or fire rang out in the Malakoff of T. N. Your Conduct in Denton Will Matter

For several years before the war, an important part of East Texas State collegiate life came in autumn on the fires as a blanket of gas had setevent of the pig-skin game with North Texas.
