**Letter Appreciation
Received From
Student Secretary**

Card of Thanks

The Senior Class of 1931 wishes to take this means to express their appreciation for the splendid work and the untiring efforts of Miles Smith and his fellow worker, Melvin Harper, for aiding us in securing our class rings at a reduced figure. They have worked long and faithfully at the job, and we deserve a word of praise for their unselfish efforts.

100

A Larger E. T. Next Year

Sponsored By The Following Public Spirited Merchants, and Interested Men Listed Herein

SENIORS

We congratulate you. We are proud of you. For the time that you have stayed in our city we trust that you have profited much. You have helped build a greater E. T. and a greater Commerce. We give you our very best wishes in your future.

STUDENTS

We wish for you a very pleasant vacation and will be looking forward toward renewing your acquaintance this fall. Next year we feel sure will be a greater year for E. T.

TO THE WINNER OF THIS CONTEST WILL BE AWARDED FIVE DOLLARS. THE WINNER TO BE ANNOUNCED NEXT MONDAY EVENING AT FIVE O'CLOCK. IT IS FREE TO ALL STUDENTS. GET YOUR ENTRIES IN BY TWELVE O'CLOCK MONDAY. TURN THEM IN AT THE EAST TEXAN OFFICE. READ HOW:

Place Grand Total Here

HERE IS HOW YOU WIN

It costs you nothing to enter. You merely fill in each blank in every ad with the number of total sales that you think they made Friday, August 7, from opening till closing time that day.

Study each merchant listed below and make your estimate not later than twelve o'clock Monday, August 11.

This page is your entrance blank; just fill it out and bring it to the East Texan office. A group of faculty members will judge the nearest estimate to the total number of all sales from all merchants.

ONE CENT SALE Two Dimes for the price of one, plus one cent.

THE BASKET BALL LEAGUE CLOSURES FOR THE SUMMER

Basketball this summer was more interesting and more hotly contested than it has been in the last two or three years. It was no uncommon thing that a summer of the summer, for a third rate to knock a summer out of the summer. Truly the biggest upset of the summer was the defeat handed Hopkins by the Lamar-Van Zandi Club, and the game that Wood took from Rains-Franklin. For the last week or longer it was the Hopkins defense that made the game so interesting. The Hopkins defense was out and excitement ran high, especially in the last quarter. Though Hopkins lost the victory and lost the way, it was by no means a set up for Panny's boys. The boys were not playing up to their standard perhaps, but then the Hopkins defense was playing air-tight. It was a struggle between two great teams and both played creditably.

ALL-COUNTY BASKET BALL TEAM PICKED

The club columnist of the East Texas took hereby recalls all hope of future health and happiness and without promise of the protection of the Rangers of our own fair state or the National guard of our neighboring state, do hereby publish the all county basketball team as seen by the columnist. In issuing this announcement he is aware that he is not that every fan will have a different idea about the personnel of this team.

Ask Change Of Road Across Sulphur

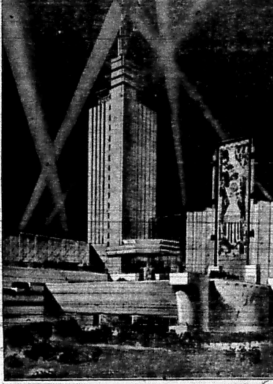

A delegation of citizens from Delta County are meeting before the Highway Department this week to ask re-designation of Highway 27-A, now known as Highway 154, from the Sluder's crossing to the Vandover crossing. It was planned to ask that the road turn west after it reaches a point due west of the Sluder's crossing where two high points jut into the bottom on either side and then run direct to Cooper. Such a route would be shorter, cost less and not endanger the lives of the people who serve Titus but Adams county besides serving more people on the Delta County side, it is claimed.

Those from Delta County attending are Mayor W. C. Haskins, County Commissioner E. F. Wood, City Commissioner J. P. Newman, Phillips, Judge R. H. Cook, County Commissioners W. C. Kyle, W. H. McCalla, and Jack Lemmond—Cooper Review.

SPECIAL group of \$1.00 neckwear, now \$1.50 each or two for \$1.99. Hens & Bysse.

For Chicago's 1933 Exposition

They're In The Army Now For Eighteen Days

One of the entrances to the medical exhibit in the Hall of Science of A Century of Progress—Chicago's 1933 World's Fair—construction of which has already commenced. Rising from colored terraces and decorated in white, gray, red and gold, this 700 by 400 foot structure will be a masterpiece of modernist architectural design.

A decline of 1,402,000 acres in Texas cotton acreage for the period ending July 1, as compared with the preceding year, is reported by R. G. Dunn & Co. in the Weekly Trade Review.

The government estimate of cotton acreage in the state at the beginning of last month was 15,126,000 acres. Recent statistics have been beneficial to growing crops, especially cotton, except in the insect section, it was said. Temperatures have been generally favorable and the cotton condition is classed as mostly fair to good.

Retail sales have been forced by price fluctuations and liberal advertising, and slight volume increases are reported by some department stores. The Review said. In the country districts, purchases are confined principally to staple items for immediate wants.

Carl Thomas Will Be Moved To Texas Panhandle

B. J. Greenwood, of Lancaster, Texas, stated to the Journal-Bastard that he and his son had entered into a contract to purchase the Carlton-Brown drug store, located in the Masonic building at the southwest corner of the square. If the deal is consummated at the end of the ten-day period required to comply with the bulk sales law, the stock and fixtures will be moved to Collette, where a drug store recently burned out. In the mean time the store here will remain closed, according to Mr. Greenwood.

Ride Horseback

It is a pleasure that we dare you to try. It's safe and a pleasant way to spend your evenings.

We have a number of fine horses which are well trained for riding.

Special City Election To Be Held on Aug. 20

STATE OF TEXAS.
County of Hunt:

KNOW ALL MEN BY THESE PRESENTS, that whereas the Legislature of the State of Texas has passed a law providing for the City Commissioners to pass such ordinances pertaining to the operations of the Morning Picture Show on Sunday, and they might see fit. Some of our citizens want that Sunday Show and some do not. As the City Commission of the City of Commerce wants to conform to the wishes of the majority of the voters of our City, it is hereby ordered that an election be held in the City of Commerce, Texas on the 20th day of August, A. D. 1931, for the purpose of determining whether the Picture Show shall run on Sunday afternoons from 1:00 to 6:00 o'clock p. m.

At this election none but qualified voters who have paid last year poll tax, state, county and City, shall be permitted to vote except those who have been "absent since Jan. 1, 1930, and those who have become so since Jan. 1, 1930."

The election is to be held at the City Hall, in the City of Commerce, Texas. R. E. L. Miller, is hereby appointed as presiding judge at said election. He is hereby ordered to order polls at time and place above set out and to in all ways conduct said election according to the laws of the State of Texas and the ordinances of the City of Commerce, Texas.

R. M. MILLER,
Mayor, City of Commerce.

We appreciate the business given us while here. Best of luck to you all, Hens & Brown.

WORK HAS BEEN RESUMED ON THE ABLOWICH TEST NEAR HERE

Work on the Ablowich test near Commerce was resumed during the early part of the week. The 200 foot depth had been reached several weeks ago and the contract completed. Since that time the machinery has been idle awaiting developments in regard to more funds. Recently enough funds were raised to start work in lieu of still more funds that the hole may be drilled to a probable depth of 4000 feet or more, or as much as the funds last, if the funds carry the bit to a 5000 foot depth.

The crew are cleaning the hole of the mud and as soon as the hole is cleaned the bit will be started down and will continue to go down as long as the money why We'll bet Topeka, Kan.

What made Chicago, Ill.? You can call Minneapolis, Minn. So why not Annapolis, Ann.? If you can figure these out, why We'll bet Topeka, Kan.

How much does Toledo, O.? How much does Harrisburg, Pa.? How many eggs did New Orleans, La.? How many grass did Springfield, Mo?

What made Chicago, Ill.? You can call Minneapolis, Minn. So why not Annapolis, Ann.? If you can figure these out, why We'll bet Topeka, Kan.

Congratulations, Seniors—

We wish for you a successful career in your future.

Students—May you have a very enjoyable vacation. We are looking forward toward meeting you next FALL.

East Texas Crude Is Being Used To Improve Highways

Troup, Aug. 5.—Two new ways have been found in East Texas for using a part of the surplus cheap oil. The dirt and gravel highways in the oil area are being given a liberal coating of the crude oil which not only alloys the dust but also keeps the roads smooth by preventing the sand ridges that form on the roads because of the wind.

The other use is in pouring oil in stagnant ponds and streams of water to prevent mosquito breeding.

Sold His Wheat Through His Hogs

Lipscomb, Aug. 3.—Four meat hogs five brood sows and 38 pigs have enabled L. G. Bussard of Lipscomb county to sell his wheat for more than \$1.00 a bushel, reports W. K. Cottenger, county agent. Starting last September with 11,500 pounds of wheat, barley and oats, Bussard had sold 49,472 worth of hogs by April 30th last, butchered meat hogs worth \$24.22, and has the five brood sows and 38 pigs for extra pasture in connection with feeding business and added skinn milk and 1500 pounds of cottonseed meal to balance the ration.

"Your Column" Home Life Made More Pleasant

Fruit Punches.—The most satisfactory means of sweetening fruit punches is by sugar made of 2 measures of granulated sugar and 2 measures of water. The sugar is dissolved by stirring as the mixture heats. It should boil three minutes. If the syrup is made in large quantity to be used over some length of time, crystallization may be prevented by adding 1-8 teaspoon of cream of tartar, or 2 T. lemon juice to 3 c. of sugar. The mixture is heated. The syrup insures uniform sweetening and gives a desirable depth of flavor that is not secured by dissolving sugar in juice.

Blackberry Acid.—1 gal. blackberries, 2 oz. tartaric acid, 1 pt. boiling water, sugar.

Pour boiling water over berries, let stand 20 hours. Drain in jelly bag. For every pint of juice add 1 pint of sugar. Add acid, put in sterilized bottles, cork as for blackberry juice, let simmer 30 minutes. Blackberry acid is to be used for a foundation for summer drinks. Put 3 to 4 drops (to taste) in a glass, fill the glass with water and ice.

Ginger Ale.—2 gallons water, 3 lbs. granulated sugar, 2 egg whites, 2 oz. ginger.

Dissolve in water, let mixture come to boil, skim. Cool, add juice of 2 lemons, 1-4 cake compressed yeast dissolved in water. Stir mixture thoroughly. Let stand a few minutes, strain through cheesecloth cloth. Pour in bottles. Set aside in dark place 48 hours. When ready to serve, juice of 1-6 lemon or other fruit juice may be added.

Tomato Juice Cocktail.—1-1/2 cups chilled tomato juice, 1-2 cup chilled milk, 1-2 cup chilled ice, 1-4 tsp. milk, 1-8 teaspoon vanilla or grated nutmeg. Beat egg until foamy, add sugar and milk, then flavor with Grape Juice.

Wash sound, ripe grapes, cover them with water and heat slowly, to simmering. Do not boil. Cook slowly until the fruit is very soft, then strain through a jelly bag and add 1-2 cup of sugar to every quart of juice. Bring rapidly to boil and boil for 5 minutes.

Quick Grape Juice.—Wash one cup grapes, put in quart jar, add 1-2 cup sugar, fill with boiling water, adjust lid or cover, seal. This will not need diluting when served as a beverage.

BUY YOU AN R. T. BELL BUCKLE when going home. Designer made special for us by Hickok. Only \$1.50. Home or Store.

First Bales in Different Towns

San Augustine, Texas, Aug. 5.—To Granville Watson of the Denning community, nine miles west of here, goes the credit for producing San Augustine County's first bale of 1931 cotton. It was ginned by Cain & Crow of Denning and weighed 565 pounds. Mr. Watson left here at 7 o'clock Monday night for Beaumont in an attempt to win the \$150 prize offered for the first bale of 1931 cotton reaching that port.

Rockdale, Texas, Aug. 5.—The first bale of 1931 cotton reached in Rockdale Tuesday at noon, several days earlier than the one last year. Joe Hirt, who lives at Nile, ten miles west of here, delivered the bale that weighed 625 pounds. He sold it at 80¢ per pound. The cotton was ginned by the Rockdale Oil Mill Co. A. Witting, who lives four miles north of Rockdale, has brought in the first bale for the last two years, hoping it would be the first 1931 bale.

Yoskus, Texas, Aug. 5.—The first bale of 1931 cotton at the Yoskus section was ginned Saturday afternoon after having been brought in by B. McKinnip. Yoskus Route No. 1. Mr. Knippa is farming on the M. Rathkamp farm in the Hobbs Prairie section and a bale of 440 pounds was obtained from less than 1,200 pounds of seed cotton. The bale was ginned by the Farmers Co-operative Co. No. 2. Offers were quoted at less than 40¢.

Flotonia, Texas, Aug. 5.—The first bale of new cotton here was brought in Tuesday by Louis Boehm and sold to Armin & Lane at 8¢ and premium. The bale weighed 480 pounds. Kolar Gin Company ginned it.

Thorsdale, Texas, Aug. 5.—The

first bale of cotton was ginned here Monday morning. Oswald Albrecht was the lucky man. The bale weighed 624 pounds and sold for 8¢ and the premium amount to \$50. Another bale was brought in too, but Mr. Albrecht was about ten minutes ahead and was awarded the premium.

LaGrange, Texas, Aug. 5.—The first bale of the 1931 season cotton crop was sold here to the A. F. Weber Cotton Company Saturday. The bale weighed 470 pounds, cleaned middling, and sold for 80¢ a pound. It was raised by Richard Kellar, Jr. and his wife, and was ginned by Charles Sander. The LaGrange Chamber of Commerce donated a \$10 check to Mr. Kellar.

Cameron, Texas, Aug. 5.—Albert Krenke brought in the first cotton bale of the season Wednesday morning, quickly followed by another by Frank Zarowsky, Jr. Both bales were raised a few miles west of town. The third came in during the afternoon. The first bale sold for 80¢ and premiums totaling around \$100.

Reboud, Texas, Aug. 5.—The first bale of the season's crop of cotton was marketed here Wednesday by Mrs. W. B. Nicholson. Prospects of an unusually large crop in this district were considered excellent.

Durnell—J. C. Crider of Colbert was probably fatally injured when he was struck by a motorist on the streets of Colbert. He was brought here for treatment.

Athens—Alva Mewborn, 27, was killed and his cousin, T. L. Mewborn, was seriously injured in an automobile accident north of this city Saturday.

Finds a Market For Home Canned Chicken

Leveland, Aug. 2.—"If my canned chicken trade continues I will have to buy some poultry to meet it. I have about used all the calls from my flock," Mrs. R. E. Meadows, demonstrator in this community for the home demonstration club of Cobelevan has reported to Miss Marie Tharwater, home agent of Hockley county. Mrs. Meadows standardized her canned chicken, using the process recommended by the Extension home industries specialist, and has had her product approved to sell under the 4-H label, the only woman in Hockley county who has this right.

She says: "It doesn't take me so very long to can these chickens. I have dressed so many that I can dress six or seven hens in just a little while in the afternoon and then the next morning I start them cooking while I am cooking breakfast. I rather expect that I can dress, cook, prepare and can seven hens in not more than two hours." actual time, I have marketed to do this work along with my other house work, so it is not so very much trouble."

In the last few weeks she has sold seven hens in 21 lbs. 1 can and increased their value from 32¢ market price to \$6.20. After the cost of the cans, labels, labor, and market value of the poultry were deducted a profit of \$2.52 was left.

Cooling Eggs Adds To Poultry Profits

Jourdanton, Aug. 3.—Not satisfied with the way his market eggs were grading out, J. R. Clinton, poultry flock demonstrator at Atascosa county, built an old fashioned iceless refrigerator to furnish a cool place to store his eggs while waiting for market. The first shipment gave him over four dozen more "special extra" eggs in each case than was kept in the cooler than in the cases stored in the usual warm place, and a much larger percentage of "number ones." In the last shipment 23 1-2 dozen out of 40 dozen eggs graded "special extra" and seven dozen "number one."

According to T. P. Metcalfe, county agent, the cooler was made from some light 125 lumber, with two sheet iron pans to hold water, and cloth between the two sheets. The cooler temperature within the moisture cloth enclosure comes from the steady evaporation of water from the cloth surfaces. The total cost did not exceed \$3 which was repaid from the extra premium from the first few cases of eggs.

Crop Estimate
Is Announced

Greenville, Aug. 2.—H. F. Lancaster, government crop statistician for Hunt County, in his report to the Bureau of Census at Washington, estimated Hunt County's 1931 cotton crop at 60,000 bales. This year's estimate was 7,500 bales more than Mr. Lancaster estimated last year.

There are 220,000 acres planted in cotton this year, which is approximately 12,500 acres less than a year ago, Mr. Lancaster said.

Mr. Lancaster said that this year's crop was looking better than he had ever seen it for this time of the year. He explained that his estimate was based on the present conditions and that if these conditions continue he feels that his figures will not be far wrong.

Mr. Lancaster said that this year's crop was looking better than he had ever seen it for this time of the year. He explained that his estimate was based on the present conditions and that if these conditions continue he feels that his figures will not be far wrong.

YOUR ELECTRIC SERVANT

Did You Know—

- That each year Howse's Studio places a panel of the graduates in the archives of the College.
- That it is your duty to leave your picture in the '32 Locust.
- That you only have but two more weeks in which to do this.

SUMMER STUDENTS—

- Imagine your club not having a page in the Locust Club section. Don't wait, see about it at once.

CAPS AND GOWNS--

Continued from page 1

"Papa Bear," and writing a short story on "Cotton" he felt the call to follow his teachings and so, in keeping with the old-fashioned idea, he went to the cotton fields for his Honeymoon trip. Mr. Manning does not have a school for the coming year but when he sees one he thinks it big enough for him he sings, "I'm in the Market for You."

Netty Clay Johnson--Netty Clay Johnson was born November 2, 1909 at Yowell, Texas. She finished Jacobs High school in 1923. In the fall term of her year of high school graduation, she attended in East Texas State Teachers College as a modest Freshman. Since that time she has been a regular student in it carefully performing each year as a student, and a friend. Her major, Home Economics, is going to be--no not important as knowledge to so many out of that school room, but--like this, Netty Clay is one of those "bunch" "Undisciplined Bluestags" that fate has been kind in promising that the next year, 1932, shall not find her high. Now what? A short time will tell.

Netty Clay is very fond of all old door sports. For past-time she--since she is taking a Browning, course she does not have to study she has been enjoying Browning a little competition. For proof of that statement, read the East Texas. When she is "living the life of a meditative poet," she is gabbling and gossiping as "GOMER" girls do.

W. D. Hinson, Jr.--W. D. was born at Willsboro, Texas, in the year 1909. He did his high school work at E. T. in 1926, and entered college in 1927. He began his teaching career at Stormville in Wood County. For the past three years he has been working at Greensville in Wood county where he will be again next year. He has done the work for a B. S. degree with English as his major study. His favorite sports are fishing, hunting, and all kinds of athletics. At one time

he was very much interested in campus courses, but the young man is now married.

Francis Thurman--This little school marm was born in Commerce, Texas, in 1909. She graduated from Commerce High in 1923 and entered E. T. She has taught one year, and this was in the library school, near Texarkana, Texas. She will be there next year as teacher of Home Economics. She has done the work for the B. S. degree in English as her major subject. She is also interested in Home Economics. She is not married and her interest in study do not run along that line, but George might tell us more about that.

H. Lee Clifton--was born at Mt. Vernon in 1904. He completed high school at Commerce High in 1922, and entered E. T. in the fall of 1923. Lee began his teaching career in 1923 at Burk Burnett, Texas. Since 1927 he has been principal of the Ward schools in Burk Burnett. He has done the work for a B. S. degree with History as his major study. His chief interests among the sports are tennis, baseball, basketball and golf. And ladies, he is married.

Willie C. Witt--this young professor was born at Ardmore, Oklahoma Territory, Oklahoma, in the year 1903. He finished high school at Grandville, Texas, (Eastland County) in 1921. He attended this college when it was E. T. N. C. in 1923-1924. Mr. Witt also attended Britton's Training School in 1928. He entered the teaching profession at Whitehead in Hunt County in 1931. He has taught more of the time since in Kaufman county. He is at present superintendent at Kemp, Texas. He takes the B. S. degree with History as his major. He is interested in all sports, reading, and social work.

Arthur T. Bridges--was born near Pine Hill, Russk County, Texas. Attended a country school four to six months per year. He began teaching at the age of seventeen. He was graduated from the East Texas Normal College in 1910. He has taught in the public schools of Texas for twenty years, and has been connected with the Tarrant

County system for the past ten years. He is principal of the John T. White Consolidated School in Tarrant County. Mr. Bridges is taking the B. A. degree.

Dewitt Dowdle was born at Kaufman, Texas. He completed his high school work at Fairville, Texas, in the spring of 1920 and began his teaching career at the same place in the fall of the same year. He entered E. T. in the summer of 1922 but had done some work in North Texas State Teachers College, before coming to E. T. He has majored in English and history and will receive the B. A. degree August 21. He has taught eleven years and has taught most of the time in Kaufman and Van Zandt Counties. He will be located at Maritime Mill as superintendent this next year. His favorite sports are tennis and golf. He is a member of Sigma Tau Delta, and is president of Kaufman County Club this summer.

Mr. Mattie Lou Jared-Denton--was born in 1911 at Leonard, Texas, in Fannin County. She finished high school at Cumby, Texas, and finished sub-College at E. T. in 1928, and entered college here the same year. She will next year be principal of Westminster High School and teach English and coach girls' basketball. She married in 1930. She will take the B. S. degree with English as her major study and she is interested in Business Administration and Economics.

Mrs. Denton states that her greatest ambition is to invent a typewriter that will spell. She is now working in the Training School office where she has been the past twelve months. Her favorite sports are swimming and horseback-riding.

Mrs. Lucille Goodman--was born at Wilmer, Texas, Dallas County. She finished high school at Lancaster, Texas, and entered East Texas State Teachers College in 1924. Texas years ago she began her teaching career, ten of which have been in the Addison school, where she now lives. Mrs. Goodman married in 1921 to Mr. Goodman, a 1920 graduate of this college. She has majored in English and is taking the B. S. degree.

S. C. Bobo--Was born at Comanche in Comanche County, Texas, in 1905. His father, after spending several years in the West, settled in Van Zandt County, where our dear friend Fols grew up. He graduated from Wills Point High School in 1921 and entered North Texas State Teachers College in September of that year. He came to E. T. in the Spring term of 1926. He did here we find Bobo doing the work for a B. S. degree with History as his major study. Mr. Bobo began teaching in 1925 and has taught six years since. He is now located at Bright Star near Wills Point, Texas.

Bobo likes hunting extremely well, and is interested in all games, even to checkers and bridge.

Mrs. S. C. Bobo--Was born in Hazel Co. Hardiker--was born in 1902 at Winfield, Texas.

Broddus in San Augustine County, Texas. She graduated from Baylor Academy in 1923. She then attended Baylor College one year, and has done one term at North Texas State Teachers College. She entered E. T. in 1928. She has majored in History, minored in English, and will receive the B. S. degree.

She began teaching at Colden in Wood County and later taught in the Ben. Wagner school near Wills Point.

Floyd Ems Cooley--Age twenty-seven, born in Leroy, Texas in the year 1903. He is a graduate of the Texarkana High School, and attended Wesley College in 1925. He is also a graduate of the College of Marshall in summer 1927. He has had five and one half years of teaching and all done at Mans, Texas. He states that he will be back there again next year. His favorite sports are basketball and football. He is not interested in matrimony, girls. Still single.

Tyler, Albert--Was born in DeWitt County in 1896. He attended the old Mayo School in 1914-15, re-entered E. T. in 1923. He began teaching in 1919 in Lamar County. He has had eleven years' experience in teaching, and is teaching at present in Fisher County. He takes the B. S. degree with Industrial Education as his major. He enjoys all kinds of sports, but his favorite pastime is listening to Amos 'n' Andy.

Baseball Coach Hardiker--Was born in 1902 at Winfield, Texas.

Titus county. She finished Mt. Pleasant High School in 1925, and entered E. T. in the fall of that year. She has taught the past four years at Chapel Hill in Titus county, and will be there again next year. Married? Yes, to John Hardiker in winter of 1930. Spanish is her major study, and she is taking the B. A. degree. Her favorite pastimes are playing tennis and driving her Chevrolet.

Robert M. Legate--Robert M. Legate was born February 24, 1908, at Patsville, Lamar County. He finished high school in Paris in 1925. During the school year of 1925 and 1926 he attended Paris Junior College. In 1927 he entered East Texas State Teachers College where he has done all his college work. He is now taking his B. A. degree with Mathematics as a major. He is also very much interested in Spanish.

Mr. Legate began teaching in Lamar County in 1928. He has taught in Lamar, Red River, and Guadalupe Counties. During the

next school year he will be the superintendent of Floyd High School in Hunt County. During his years in E. T., Mr. Legate has been a student worker of and gaining much honor in school activities. He was president of Scholarship Society in 1929 and 1931. He has friends, as many as have met him.

HOW TO BECOME A COLLEGE MAN

Wear no slippers. Walk about with a dazed look in your eyes. Have something cute painted on slippers. Wear slaughter-house clothes. Watch the man about the campus and learn to imitate his capstopping walk. Wear key. Carry an empty pipe in your jaw. Attend classes occasionally.

"VIRIT 'The Man's' Shop" for real value in Men's Wear. Hens Guadalupe Counties. During the

SENIORS---

We congratulate you upon receiving your degree from E. T. S. T. C. We have enjoyed serving you through your stay in Commerce. Our best wishes are extended to you. You are always welcome at Oliver's.

FACULTY AND STUDENTS---

We thank you for your patronage and will be looking forward toward meeting you again next fall. We hope that you will have an enjoyable vacation. We believe that next year will be the greatest year in the history of E. T.
