The East Texan is the weekly student publication of East Texas State Teachers College, and is published at Commerce, Texas, every Thursday.

EVERY DAY—9P., WEDNESDAY NIGHT—10

The Meaning of Armistice

The day on which arms were laid down and the fighting ceased in the World War, the Armistice Day, is significant to mankind that the day of November 11 has been set aside as a holiday throughout the world.

The word "Armistice" should mean more than a holiday and a parade to college students. Laterally the word, a military term, means "rest of arms," but the meaning carries many ideas.

So, as this holiday rolls around once more we should realize. On this day fifteen years ago many husbands, fathers, and sons were freed from the front to return to their homes to resume their duties as peaceful citizens.

FRESHMAN WEEK

Freshman Week! How glad that students in the class members! That in the week, which the freshmen will enjoy supreme in every aspect on the college campus, will long be remembered as epoch-making in the annals to be handed down to posterity.

A provision for the student body is to be elected from the ranks of the class members and an editor for the week's East Texan, which will give opportunity for the propounding of resolutions by the temporary elected heads.

And again, which personality seems to be shown by the conduct of the week, which means that the students should exhibit some attitude of faith, trustworthiness and liberality by them to the freshmen to carry out the jobs of the college which are fully expected.

A fine spirit of go-to-iveness was evident in the first meeting of last week when it was announced that the week would be in the near future, followed by a talk by the student body president and a spirited address by the president of the college.

The Band is For the Lions

When we heard about marching down the field after your afternoon, how many of you are going to give them the same old usual "A" at the band or will you be giving them the band that they deserve?

About all of you have at this time or another been given a chance to get a chance to admit that you should have a chance to go to spend an afternoon with someone else's girl. Step out of it and come to rehearsal next week night.

Our Largest State

In site alone, there is no State in the Union that rivals the colossal area of mighty Texas. Just how immense the Lone Star State is can perhaps best be realized by drawing a few comparisons.

Texas is more than five and one half times as large as the State of New York. People can be as far away from one another in New York City as from Chicago and still be within the State borders.

Almost every known industry and occupation is represented within the borders of the Lone Star Commonwealth. Its natural resources are too vast to be accurately estimated. For example, the only helium gas wells ever discovered in the world are in Texas.

Football Heroes

There are many advantages a well as disadvantages in being a football hero. Think of the glories bestowed upon you. It is great, but there are two sides to the story.

Beating of much popularity a player is continually being pointed out to visitors. He is greatly in demand among the following: the school, the community, the important persons around the campus.

Why now it is to have a big, heavy warm sweater when the north wind is blowing. One decorated with big letters and colors just when it looks like a sweater.

Then feature your embarrassment when you are pointed out as "the guy who dropped the ball." It is really odd. Although you do not find studying an enjoyable pastime, you do find a little time to study.

REVERIE

The classroom-reverie is a vital part of the education process of all students everywhere. This state of virtual day-dreaming comes when the mind should be concerned with practical work-a-day thing—and isn't.

The reverie that visualizes the future is particularly dear to those students who are dreamers. No doubt Longfellow said in their classrooms while you were a student.

There are many different kinds of reveries. It is too complex to be defined in a few lines. It defies description and direct definition. It is a state of mind strong enough to give the sincere plea of the average student.

Also there is being made a goodly amount of money from the University of Dallas as the University of Dallas is now a part of the University of Dallas.

"Sympathetic Sue"

Thought for Today: Love is sweet, but Oh! how bitter To love a girl who does not get all of you.

Who is she? What does she mean? What's in it for me? What's in it for you? What's in it for her? What's in it for the world?

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Letter Received: The first young man is not to be proud that I said. Yet a glance of his photograph made me leave.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.

Dear Sue: You are a very pretty girl. I am in love but I don't know what to do. I don't know what to do.
