Les Choistes Score Decisive Victory Over Toonanooves by 32 to 16 Decision

THIS WEEK - Big Crowd Present

The last This Week had several things new to the effect, that of something new in that, danced column, the Texas office would be indicated. Well everything came out and the office and inhabitants are silent. Just goes to show that students like to see their names in print.

Remember, ladies, we will want these letters for the boys' enjoyment. Talk it up, say something about it to everyone that you talk to. Let's go!

It was a beautiful fine night, a mellow moon shone down above. All this time, the boys were in the tree. I was fascinated by the lively creature beside me. I moved closer to her, and had my arms across her shoulders. She raised her face to mine, and her breath was so strong that I could hardly breathe myself on it.

Ordinarily we are not given much credit, but after we read this we are inclined to think that the whole world's worth it.

Why does Mildred Patterson blush when Wilbur Hart's name is mentioned? We'll get you in this one. Last Wednesday night eight or nine boys called up Mildred Patterson and told her that they were going to have a party. They said they were going to have a party. They said they were going to have a party.

On a recent birthday, Fay New Wilder received a cake from Vincent Leavitt. Vincent asserted that he made it himself! How else it would be made if not by some one who is doing his in the domestic domain.

Mildred Poor's ambition to make all of the mid-night above at Sulphur Springs each Saturday night has at last been realized. Dwight Hill's ambition to make all of the mid-night above at Sulphur Springs each Saturday night has at last been realized.

Who is the Commerton high school graduate that is going to "Bible" Chivalo Wilder? Wilder a Bible teacher at the Commerton high school. Fausler did not have time to play a game of bridge.

President Smith got a break and rated a date the other night with a well known crowd. John and Wynne Mc Donnell, the two boys, all the way back to the high school. You're being my neck for "Well, I don't know, you are in just the same old," replied the honorable Mr. Smith.

The Toonanoove dance is reported to be one of the most enjoyable parties dance that has ever been held on the campus of T. U. And there have been some good ones, too.

When the groundhog made his prophesy Thursday, he said that it was a rainy day that would almost like summer. The smart ones are laughing.

Four Nacogdoches Men Are Named On Club LIONS WILL LEAVE FRIDAY ON ROAD TRIP

NACOGDOCHES CINCHES POSITIONS ON EAST TEXAN FIRST QUINET

Two East Texas Men Are Chosen For Birth On Second Team.

By Joe Wootley
Arvid Landin, head of the East Texas staff writer. Taking no exception, the above selection is the best that can be given to our readers. The men are picked for their names by their ability to score and play a game of basketball that is better than any other team. Of course, no games had the ones played on the team court were seen by the writers but it is possible that practically all pickers of conference teams will agree with the above selection.

Guard
Street and Hawkins, both of the team from Higgins, P. Austin. His "Toughie" College, is placed at the guard position. Not only are the few before conference guard shots of the opposing team, but also they have the ability, as shown by their scoring records, to stop several baskets themselves. Both are good shooters but they are snifty and fast. When the game is in the hands of these two men like the game that much better. Of the two, Street is probably a better player on the team floor. Slides of East Texas and Jowers of San Marcos are the next best guards. Slides is probably the best player on the team at the conference, but has practically no ability to make field goals or charity tosses. Jowers is a good man, but the men named on the second team selection.

For Centers
In the Lone Star Conference center guard were very scarce. Harrington of Stephen F. Austin, Slides from San Marcos and Dean of East Texas were the most outstanding. Harrington towers over the rest and is able to jump higher than any center in the conference. He gets around on the court in a fast manner, and his eye for the basket is excellent. Slides is a fast center, but his abilities do not stand as high as those of Harrington. "Dizzy" Dean, although not a fast jumper, has the ability to sink field goals with ease, but he has been out-jumped by Dean in the conference. If he had been able to sink the ball, Dean is a possibility that he would have made the all-conference team.

Nickelson and Kerr
Nickelson, high score leader from San Houston High Teachers College at Huntsville, has been named at one of the forward positions. He has plenty of height and is fast on the floor. Breaking down to get close shots to be set with this man. Kerr, forward on the team from Temple University, is named as a legitimate forward. A natural basket ball player, Kerr has accomplished things with a ball that is unusual. He has been named as a forward because of his ability to break through the basket. Slides, then, lead forward that team. Dean did not hit his record, but the season was well underway, of course, this fact has chances at being placed on the Lone Star Conference team. He is a fast man, and breaks through often to sink into the basket.

So far, as it now seems, the lumberjacks from Stephen F. Austin have the inside track to winning the Lone Star basketball championship. The San Marcos Hawks will probably win the Lone Star basketball title. East Texas will take the third place victory. Of course, Denton might lead the show and win a game or two and take the third place from the Lone Star. The lumberjacks won the championship last season, but last year they were not able to win it. East Texas will not lose a single man by graduation.

Cheeks
Since the picking is still in progress, it will be hard to tell. On the whole, the team which will be selected will be the one which will be selected.

Selected, Bill Slides, better known to his mother by the name of Julius Verne Slides, is given the job over the other coaches. For example of his merit this recent season is not far from the truth. He took a team with 12 first place and built a quintet that given every team in the conference race a run for their money. Next season he will be able to show who is who in the Lone Star Conference.

Coach Slides, head mentor from Denton, in a good coach, but Coach Slides is the better of the two in the opinion of the writer. The other members of the club have abilities, or they would not have the positions they now hold, but Slides named two are the best of the crew.

BASKETBALL
Slides and Jowers, both of the team from Higgins, P. Austin, are placed at the guard position. Not only are the few before conference guard shots of the opposing team, but also they have the ability, as shown by their scoring records, to stop several baskets themselves. Both are good shooters but they are snifty and fast. When the game is in the hands of these two men like the game that much better. Of the two, Street is probably a better player on the team floor. POP HAS NEW MAN FOR GRID ASSISTANT
J. Charles "Chuck" Winterburn, head freshman football coach at Stansford University, will follow Coach Glen R. Warner to Temple University, where he will be Pop's assistant. Earl R. Youngman, graduate manager at Temple, announced this week. Pop, then, Stanford guard and captain in 1925, will be his coach at Temple.

SAM HOUSTON LEADS LIONS THROUGH RECORD HOLDER

OUT GAME TO WIN BY SCORE: 39-28

Smith Ten for Second Place. For With Scores—12. Coach, Nicholas High.

In a disappointing game the P. T. Lions lost their last home game to the Lone Star Teachers, 39 to 28 Tuesday night. This was the team that won the Lone Star title this season. The team will go on a road trip Friday morning Saturday night they will play the San Marcos five at San Marcos, and Monday night they will play the San Houston boys again in Huntsville. Maybe the Lions will have a new set of officials for the game, at least they are hoping so.

The Tuesday night game was not up to expectations of most of the crowd, but there was more pay involved at this game than at any previous game on this floor. The boys' points under the leadership of Waddy Stark, made almost as much noise as the main pay squad. Being Waddy Stark on the floor as a pay leader brought back old memories of former days. Stark is one of the best pay leaders that ever represented K. T. He and the noise made plenty noise, but probably they were only trying to repay Will Hill Aker for letting them into the game.

Ray Moore called a losing game and sent McAlamy of San Houston off the floor for making him smile in the second half. The first half ended 13 to 21, San Houston. Many of the crowd would never let the decisions, but to no avail. It seemed that the Lions would catch up with the San Houston five in the second half, but they just did not have that extra punch that was needed to do the work. Smith and Dean played good games for the lone squad but they just could not overtake those fast men from San Houston.

Nickelson of Sam Houston was the star. This is the worst he has ever had. Perhaps you've noticed I've done most of it myself.

JUNGLE BEASTS DEPART FRIDAY FOR ROAD TRIP

Lions Have 500 Percentage of Possibility Season. Will Meet Three Teams This Year.

After leaving their last home game of the season to the San Houston Teachers Monday night, February 20, The Stephen F. Austin boys departed the Lone Star on their home court as the East Texas boys but after revenge and to take the leaders down some. Their third road game will be with the Nacogdoches champions.

The K. T. team has lost three games so far this season and won three games, giving them a five hundred percentage. They lost those three games to the three teams they are to play on this road trip. This is some bad luck, but the Jungle Beasts are going on the trip with the intention of bringing home the bacon and are able to prove plenty tough.

Curtis Travis, one of K. T.'s most popular boys, is an athlete of known merit. He was captain of the football team last year. Last spring, when the Lone Star Conference track and field meet was held here in Commerce, Curtis showed the crowd far more than any one else, thereby winning the throw and setting a new record.

Tobacco to smoke right

has to be a different kind of tobacco from that used in cigarettes... and it has to be made by an entirely different process...

OUT in Kentucky, where they have pretty women, fast horses, and blue grass, there grows a tobacco called White Burley. It doesn't grow anywhere else in the world.

There is a type of this White Burley that is best suited for pipe smoking. It is neither too thick nor too thin. It is not light and chafy; at the same time, it is not rank or strong. "U. S. Type 31" is the government classification for White Burley.

Since no other pipe tobacco has yet been found which seems to equal White Burley, this is what we use in making Granger Rough Cut.

Next, we use the Wellman Method, a famous 1870 method of making pipe tobacco, to give Granger its fine flavor and fragrance. Then, too, Granger is "rough cut"—just like they used to "whittle" their tobacco off a plug with a jack-knife. It smokes cool, lasts longer and never gives a pipe.

And finally, we want to let Granger for 10 cents. Good tobacco—right process—cut right. So we put Granger in a sensible soft foil pouch instead of an expensive package, knowing that a man can't smoke the package.

Granger has not been on sale very long, but it has grown to be a popular smoke. Folks seem to like it.

Let's get yours tobacco Co.
