THIS WEEK.

Some boys seem to think that when martial troubles arise that some one should wear the jewelry. One young man on the campus is circulating some Bismarck time between Greenville and Wadsworth street.

Raynmond does not mind if her clothes do not meet the approval of the masses for her maid comes as usually very charming and with a bit of ribbon her ensemble was adequate enough to attract attention. SMI and Texas U students are trying now to wear red hair buns to the extent of these odds a kind.

Harold Lafferty is the kind of a man that "reads," a noun.

This is an over writer who wears the neural to know that the same person who writes "some of the paragraphs in this column does not write" of them.

Prof. Blankenship resembles Ed Wynn in one way. Where Ed goes to pull a trick on "Graham," the program goes down. Ed goes to pull a trick on "Graham" and the program goes down.

John Disher, of Greenwood, the "Gangling" Gable, has returned from his tour of the P. W. I. W. A. "The Bismarck-Indiana Des Quaints," where he had a fine time and was able to see some of the best of the "Texas" it's a case because they are leaders.

Dick Donnan is not the man he thinks he is, or else all the girls in the state were born in a negative mood. His girl stung!

The respectability of the summer camps. Myrta Carpenter is the girl who is not going to have a new dress except with B. D.

And what does Joe Getney say for the Plymouth, he was seen in Monday side in the Bible which captured him Bismark style. "I got mad, Joe, but you should know how to make it. If I don't give you a date after calling four times... unconvincently."

Leon Taylor wants publicity. He is getting it all right, but it is at the Commerce Laundry.

Despite the fact that the records in the Dean's office show that there are no more than attending K. T. boys, Bill Martin thinks it great evidence to get to a date with one of them.

Tom O'Neil must be working for publicity to be in the annual next year on the feature-section. He says he has not had a date in over five months, and he said that he was going to wait until the next year to get a date with one of them.

Although writing of this column is not written in the public as a blackboard, he has some ideas on how to make the show next Monday still. It is not a party, and not around and so on.
