NO. 13

Mime Group To Perform At Forum Arts

By Priscilla Keese

Mummenschanz, a Swiss mime trio, will present an evening of mime depicting a progression of the human life cycle in a Forum Arts program at 8 p.m. Monday, Oct. 21, in the University Auditorium, according to Dr. Curtis Pope, speech-drama department.

Marcel Marceau, the French mime artist, usually comes to mind when the silent art of mime is thought of, however, Mummenschanz has a different approach using masks instead of the traditional "white-face" method used in mime, Dr. Pope said.

The performers faces are never seen throughout the program, and all props, costumes and masks are made by the members of Mummenschanz. The mask parts are made of pastry, clay, plastic, paper, foam and oatmeal. Some of the masks are made with sliding puzzle parts, allowing a change of expression with the move of a puzzle piece.

The Mummenschanz program (the printed program is a series of pictures and drawings) has two parts, with the first being a take-off on evolution, Dr. Pope said. It focuses on human development from the single cell to the evolution of the ape. As the human evolution progresses, more props and masks are added, he said.

The second half of the program is a take-off on human behavior, or, according to Dr. Pope, the way humans "really" behave. The mime group depicts such human relations as man meets man, and man meets woman. In each case there is eventually chaos. Dr. Pope explained that at the end of the production man has regressed to his former amoebic state.

The trio comprising Mummenschanz consists of Andres Bossard, Florinana Frassetto, and Bernie Schurch.

KETR Tower Constructed

By Allen Hallmark

KETR-FM, the principal radio station of the ET Communications Teaching Facility, made a step toward actually going "on the air" when its 250 foot broadcast tower was raised recently.

The tower was constructed by the husband and wife team of Dennis and Jo Henderson, who work for the North East Texas Communications, Co. of Greenville. Jerry Erickson, KETR station engineer, said the Hendersons raised the tower in 25 separate 10-foot sections.

The project was started on Friday, Oct. 4, and they had the red beacon warning light blinking on top on Monday night, Oct. 7, Henderson said. The Hendersons were busy painting the tower and attaching accessories on Wednesday, Oct. 9.

Erickson said that final completion of the tower must wait until a coaxial cable has been received. Only then can the antenna be attached to the top sections of the tower. Erickson said the cable is on order but was not delivered on time. The coaxial cable brings the radio signal from telephone lines to the antenna to be broadcast on "air waves" to the listening audience.

Station manager Phil Ebensberger said that minor delays, such as the shipment of the cable and studio furniture for the facility's three studios in Room 111 of the Journalism Building, have not significantly altered plans to begin broadcasting on Feb. 1, 1975.

Ebensberger has worked up a questionnaire to "help determine the listening habits of the ET-Commerce community." It consists of eight

questions including how many hours a day the person listens to radio, what kinds of program he listens to, and what kind of programming this community needs.

Ebensberger said he hopes to use the survey in as many different departments on campus as possible. He said it would be too costly to run a scientific survey, but he said he hopes to get opinions from students, faculty, and Commerce residents about the type of programming needed for the station.

The station will be affiliated with the National Public Radio network which provides a wide variety of in-

formational and educational programs. Ebensberger said that there will also be many hours of local origination programming including sports events, speeches, news, and music on KETR-FM.

Erickson said there will be two smaller antennas put up on the roof of the Journalism Building. One will monitor KAFM-FM in Dallas for the Emergency Broadcast System signal. This emergency testing signal must be broadcast once a week by Federal Communications Commission regulations at unscheduled intervals. The other antenna will monitor modulation, another FCC requirement.

City To Request HUD Aid

By Allen Hallmark

During a series of special meetings Tuesday night, the Commerce City Commission voted to invite Housing and Urban Development officials to come to Commerce to assess the need for federal money to improve conditions in the Norris Community and other parts of northeast Commerce.

The commission also listened to complaints from Barry Smiley of 3002 Arapaho Road concerning poor drainage in his neighborhood. The commission ordered City Manager Morris Howard to report on the problems at a Nov. 5 meeting.

In a third action the commissioners tentatively approved two low bids for the construction of a concession stand and fencing for the new city park. The two project will cost the city \$31,214, some \$1,400 over the amount originally budgeted for these items, which are to be financed from federal revenue sharing funds.

The commission also voted to call a public hearing for Nov. 5 for rezoning a lot at 2200 Monroe St., which was approved by the Planning and Zoning Commission and deferred action on a national flood insurance program.

The proposal to invite HUD officials to Commerce was brought to the commission by three spokesmen for

the Norris Community Club. Ivory Moore, chairman of the club's special improvement committee, outlined for the commission the steps needed to get federal money for community improvement.

A. C. Williams, principal of Commerce Middle School and a longtime resident of the Norris Community, said, "The streets in the Norris Community are in as bad a condition as I have ever seen them." He urged the commission to seek HUD help in repairing the streets, sewage systems, and houses in the community.

Billy Reed, chairman of the NCC, presented petitions to the commission supporting the club's request for federal assistance.

Moore said that there is about \$9.5 million available for cities in northeast Texas. He said he has asked HUD Area Director Leo Garrett for \$1-2 million for the Norris Community. He quoted Garrett as saying that these are "discretionary funds," which means they are allotted as HUD sees fit to the areas with the greatest need.

Howard said that since federal money cannot come from two agencies to pay for the same service, The HUD money, if it is forthcoming, probably will not be used to help build a new sewer system in the Norris Community. There is a city wide sewer project in the planning stage, which will be 75 per cent funded by the Environmental Protection Agency.

Dr. W. J. Bell, mayor pro-tem, said the most pressing need he sees in the Norris Community is for house repairs and improvements which can be financed by the HUD funds. He said that street repairs there would have to wait until the sewer program is completed. "There is no use building new streets only to tear them up and put in new sewer lines," he said.

Smiley, who has previously contacted the city concerning drainage problems, said that water is often still standing in an alley behind Arapaho Road two weeks after heavy rain. He said that his 14-month-old child fell into a one or two-foot-deep water hole in the alley.

The commissioners were aware of the drainage problem because of a letter written by Smiley to Mayor Young in July, according to Dr. Bell.

TOWER TAKES SHAPE. High above a hillside west of campus, Dennis Henderson of the North East Texas Communications, Co., adds another link to the 250 foot tower that will eventually broadcast ET radio station KETR-FM over a 50-mile radius.

'Godspell' Run Extended

By popular demand, a special performance of "Godspell" will be held at 3:30 p.m. Monday, Oct. 21, in the Texas Ballroom of the Student Center, according to George Maguire, acting director of the Student Center.

Student tickets cost \$1 and non students tickets \$1.50.

The ET dinner Theater production began Wednesday, Oct. 16 and was to have ended Sunday, Oct. 20.

Students Asked To Apply For Spring TOP Loans

Financial Aids Director Jerry Lytle has announced that students should apply now for Texas Opportunity Program Loans for the spring semester.

Lytle said that applications for the loans will not be given out after Feb. 1, 1975, and that no applications will be accepted after Feb. 20, 1975.

Lytle also said that a few scholarships will be given for the spring semester because most scholarships are awarded for an entire school year. If a student is interested in applying for a scholarship, he can see Lytle in the Financial Aids office for further information.

The deadline for repayment of emergency loans taken out during the fall semester is Dec. 6, Lytle said. Student records will be tagged if these loans are not repaid by this time.

Homecoming Queen Election To Be Held Oct. 22

ET students will go to the polls between 8 a.m. and 5:30 p.m. Tuesday, Oct. 22, to elect the 1974 Homecoming Queen. The 15 coeds in the running this year include, from left to right, FIRST ROW; Gloria Wilson, Dallas sophomore; Sandra Lee, Purmela junior; Rita Hill, Terrell sophomore; Roxie Gray, Dallas senior; and Candy James, Greenville senior. SECOND ROW; Kathleen Sherman, Dallas senior; Kathy Ward, Corsicana senior; Nancy Vause, Hughes Springs senior; Inez Haggard, Bonham senior; Roberta Hebert, Farmers Branch junior; Pamela Washington, Italy, Texas sophomore; Rose Emma Guerrero, Colorado City junior; Marty Martin, Plano junior; Georgana Stewart, Garland senior; and Pamela Taylor, Marshall senior. Ballots may be cast on the second floor of the Student Center, in the foyer of the Hall of Sciences and at Watson Cafeteria.

CAMPUS SCOPE

Culture Fair Set for Oct. 23

A Multi-Culture Fair, sponsored by the Student Activities Board, the Multi-Culture Center, and Mach III, will be held in the American Ballroom from 1 to 3:30 p.m. Wednesday, Oct. 23, according to Silas Goree, Mach III staff.

The fair will consist of booths representing various cultures including the German Club and 10 international groups. The booth exhibits will feature food samples with recipes, art, costumes, and entertainment, such as music and dance representative of the cultures.

The fair theme is set as a cultural acquaintance to help people get to know each other, Goree said.

Anyone interested in contributing to the fair can contact Barry Mangels of the SAB at 468-5131, Dorothy Wilson, MCC, at 886-8490, or Silas Goree at 468-5111.

Ed. Administration Meeting Set

Floyd Parsons, executive secretary of the Association of Advancement of International Education, will be the featured speaker at the Texas Professors of Educational Administration meeting set Oct. 30-31 at the University Inn.

Parsons was superintendent of the Little Rock School District for 11

years, and a Texas school superintendent for 25 years, in addition to having taught at the University of Texas at Austin, Hardin-Simmons University, and the University of Arkansas.

He is a former member of the board of directors of the National Education Association and is immediate past president of the Arkansas Council on Economic Education. He has served on the executive committee of the American Association of School Administrators and is immediate past president of the Arkansas School Administrators Association.

Parsons will address three sessions of the TPEA conference, which will be attended by members from 26 Texas colleges and universities.

Coordinator for the conference is Dr. Stuart Chilton, educational administration faculty.

Guitar Course Slated

A beginning guitar course will start at 7 p.m. Monday, Oct. 21, in the Continuing Education Center at Henderson Hall, according to Mrs. Patsy Holder, assistant to the dean of Continuing Education.

Sponsored by the Division of Con-

tinuing Education, the course is open to beginning guitar students, age 15 and above. The course will deal with the guitar fundamentals, according to Mrs. Holder.

Taught by Dr. Harry Fullwood, special education faculty, the classes will be held from 7-9 p.m. each Monday beginning Oct. 21 and running through Monday, Dec. 16.

The cost of the nine weeks course is \$25, which includes a \$5 material fee.

Students To Visit Art Dept.

One hundred students from the High School of the Visual and Performing Arts in Houston will be visiting the ET Art Department Saturday, Oct. 19. The students, who will be bringing their portfolios, will be shown glass blowing, ceramic, foundry and printing demonstrations by the art faculty.

The students are from a high school that concentrates on music, drama and the visual arts. They will also be visiting the Art Department at North Texas State University.

Movie Cancelled

The Inter-Residence Hall Council has announced that the movie "The Way We Were," that was to be shown during Homecoming week, has been cancelled as the movie because it has not yet been released for local showing.

IRHC President Darlene Ewing said that IRHC has started talks on the possibility of getting another movie to take its place.

Faculty Recital Set Oct. 22

Dr. Neill H. Humfeld will perform a faculty recital at 8:15 p.m. Tuesday, Oct. 22, in the Concert Hall of the Music Building.

Accompaniment for the recital will be by John Harris, pianist, and the ET Trombone Choir which will perform two numbers with Dr. Humfeld.

According to Dr. Humfeld, the Trombone Choir is a group of 24 trombonist who have performed in many off-campus concerts such as at the Texas Music Educators Association, on television, and at national, regional, and state music meetings.

Dr. Humfeld, chairman of the International Trombone Association since its origin three years ago, will be playing "Aria and Dance" by Thom Ritter George. This piece was the winner of the 1974 Ensemble Competition Contest. Other music to be performed will include: "Concerto for Trombone and Orchestra," H. Tomasi; "Arioso for Trombone and Piano," Richard Coolidge; "Extase," E. Yoshioka; "Cryptical Triptych," Walter Ross; and "Here's That Rainy Day," Van Heusen-Burke.

Three Events Slated Next Week by SAB

A Cinemedia movie, videotape showing, and a craft class are events the Student Activities Board has planned for the week of Oct. 20-25, according to SAB Program Director Barry Mangels.

The Cinemedia movie "Trouble Man" will be shown at 7:30 p.m. Sunday, Oct. 20, in the American Ballroom of the Student Center, at admission of 50 cents.

The videotape "Future Shock," based on Alvin Toffler's book of the same name, will be shown continuously from 11 a.m. through 3 p.m. Monday through Friday, Oct. 21-25, in the Founder's Lounge of the Student Center.

Narrated by Orson Welles, the film is based on Toffler's thesis that man's technological strength has made him a victim of shock from rapid change, rather than bringing a better life. The free videotape is approximately 40 minutes long.

A craft class about pressed flower pictures will be held from 7-9 p.m. Wednesday, Oct. 23, in the Rio Grande Room of the Student Center. The fee is \$1 at the door and interested persons may pre-register at the Activities Desk on the second floor of the Student Center. Materials will be supplied, but participants may bring 5-inch by 7-inch fabric scraps and ribbons.

Women's Studies Meeting Set

Approximately 10 ET students and faculty members are expected to attend a day-long Women's Studies Conference, sponsored by the Southern Methodist University Women's Studies Council, in the SMU Student Center Assembly Room in Dallas, Saturday, Oct. 19.

The conference, which will begin with a 9 a.m. panel discussion on "Why Women's Studies?" is open to all interested students, faculty and staff of area colleges and universities, as well as high school teachers from

the Dallas-Fort Worth area. The cost will be \$2.50 for SMU students and \$5 for everyone else.

The conference, which is expected to attract persons who are interested in academic and extracurricular women's programs, will be divided into morning workshops dealing with problems and issues in developing women's studies programs.

Anyone interested in attending the conference contact Mary Lou Williams, office 131 in the Social Science Building, ETSU, 468-6107.

CLUB NOTES

'Job Market' TSEA Topic

"The Job Market" will be discussed at the next Texas Student Education Association meeting at 2:30 p.m. Monday, Oct. 21, in Business Administration 221.

Scheduled to speak to the TSEA are Dr. G. B. Williamson, superintendent of Rains County Independent School District; Scott Ferguson, superintendent of the Sulphur Springs ISD; and Keith Beardon, placement director for the Greenville ISD.

The speakers will talk on subjects such as how to get a job, what school personnel are looking for in teachers, and what areas of the teaching field have the most opportunities.

Plans will also be discussed for the District II Convention which will be held at ET on Nov. 8-9.

American Chemical Society

The American Chemical Society will sponsor a trip Friday, Oct. 25, to the Texas Power and Light generating station in Fairfield. The all-day trip will include a tour of the plant as well as the chemical research department.

A chartered bus will leave the Hall of Sciences at 8 a.m. and will arrive back at approximately 6:30 p.m. Cost of the trip will be \$3 per person. Anyone interested may get further information from Ken Ehrhardt or Bill Ledbetter at 468-3164.

Graphic Arts JLC

The Graphic Arts Junior Litho Club will sponsor a trip to tour the Nekoosa paper mill in Ashdown, Ark., on Saturday, Oct. 19. Any students are welcome to attend the all day tour beginning at 8 a.m. in front of the Print Shop. Keith Thompson,

treasurer of the GAJLC, made the arrangements for the trip and can be reached at 468-5117 for trip information.

Gamma Sigma Sigma

Gamma Sigma Sigma, women's service organization, plans to host a Nov. 2 reception for visiting Gamma Sig alumni during Homecoming. The reception will include possible plans to set up an alumni chapter of Gamma Sigma Sigma at ET.

Sorority members plan to dress in the 1950's era and march in the Homecoming Parade with their float titled "The way we were in the 1950's at the hop."

Other Gamma Sig projects include sign painting for ET home football game. Gamma Sig Vicki Betts designs the signs and the sorority paints them at their Wednesday work meetings.

Sorority members also visit the Oaks Manor Nursing Home the third Monday of each month.

Psychology Club

The Psychology Club and Psi Chi, psychology honors society, sold funnel cakes and sponsored a baseball throw at the recent Trades Day held at the Commerce City Park. According to Gary Carpenter, Psychology Club president, more than \$40 was raised by the groups at Trades Day. This money will be used for other club activities.

Carpenter also noted that the groups have started collecting gifts for the Terrell Christmas drive. Donations such as clothing, personal items and gifts of any kind are being accepted in the Psychology Department office.

THE EAST TEXAN

THE EAST TEXAN, an official student publication of East Texas State University, is published twice weekly (Wednesday and Friday) during the long term and weekly (Friday) during the summer with the exception of holidays and examination periods.

Second-class postage paid at Commerce, Texas 75428.

Postmaster: If undeliverable send Form 3579 to Box D, East Texas Station, Commerce, Texas.

Editorial statements of THE EAST TEXAN reflect the opinion of the student staff and writers and not necessarily that of the East Texas State administration.

Letters to the editor should not exceed 200 words and should concern campus policies or activities. The editorial staff reserves the right to edit such letters and does not guarantee to publish any letter. Each letter must be signed and show the address of the writer. Any letter longer than 200 words will be cut to 200 words or less.

race. Kickoff is slated for 2 p.m. in Shortwell Stadium.

ACC, last year's conference and NAIA champion, has had rough going this season, losing LSC matches to Texas A&I and Stephen F. Austin, and last week having its first win of the season forfeited, then ruled "no contest."

The Wildcats defeated State College of Arkansas, 27-10, Sept. 7 in Little Rock, but ACC President Dr. John Stevens announced Oct. 9 that the school would forfeit the game after learning an ineligible player had participated in five plays.

The following day, SCA officials announced it had also used an ineligible player in the game. Tentative ruling by the NAIA Oct. 10 was that the game would be ruled "no contest" and will not count in either team's won-loss record.

ACC currently stands at 2-2 for the season and 1-2 in LSC play.

The NAIA champs from two years back, ET's Lions are 1-2 in the LSC and 3-2 overall. ET lost to A&I Saturday, 27-20, after losing to Sam Houston, 17-16, and winning over Howard Payne, 17-7.

So each team is all but mathematically out of the race for the conference crown with A&I (3-0, SH (3-0) and SFA (2-1) all going strong, and whoever loses Saturday is out of the race for sure.

"ACC has got a good ball club," head Lion Ernest Hawkins said Tuesday. "They don't have the thrower at quarterback that they had in the past, but they've still got a strong offense."

Lost to the pro ranks is last year's national leader in passing and total offense, All-American Clint Longley. Longley passed up his senior year of eligibility to sign a contract with

the Dallas Cowboys. Longley took his one course needed in the summer and graduated.

Replacing Longley at quarterback are sophomore Jim Reese, 5-11, 170, and junior Toby York, 6-2, 180. Reese has been five games this season and ranks third in LSC passing hitting 50 per cent of his throws, averaging 109 yards a game. York has been in four contests, and hits 56 per cent of his passes for an average of 70 yards a game.

The nation's leading scorer last year, All America tailback Wilbert Montgomery, is back this year and has stepped into the endzone 12 times this season to lead the LSC in scoring. The 5-11, 190-pound "Freshman of the Year" last season scored 37 touchdowns in ACC's championship campaign.

Heading up the defense is 6-2, 265-pound Chip Martin last year's "Most Valuable Lineman" in the Wildcat's Champion Bowl victory that won the national title. Martin had 15 tackles and three quarterback traps in a 27-0 win over Angelo in 1973.

On the home-front, a four-yard touchdown run last week against A&I may have cost the Lions their No. 1 tailback for the remainder of the season.

Tailback Craig Powell, last year's top rusher in the LSC with 1,029 yards, suffered a separated shoulder when tackled as he stepped into the endzone. According to Hawkins, the 6-0, 196-pound senior could be back in action for the last two games of the season if no operation is required. If an operation is required, he will miss the rest of the season.

Aundra Thompson, 6-2, 185-pound junior, will move into the starting tailback slot. Thompson had 181 yards on 23 carries against A&I.

Rain Slows Independent Action

By Neal Shepard

Rain caused the third postponement of an already rain-plagued mens' intramural football independent league season as eight teams stayed indoors Monday. The games will be played later in the season, should their outcomes have any bearing on division championships.

This marked the third time the Other Brothers have been rained out. In their only game this season, they defeated the Costa Mesa Comets 14-6.

Other teams affected by the rain-out Monday were the Gold Bars, Berry Hall, the Ballers, Baptist Student Union, Sikes Hall, Hilltoppers, and Alpha Phi Omega.

Tuesday saw the fraternity teams hit the field and in the featured game of the night, Lambda Chi Alpha was outclassed in size and numbers against Sigma Chi, who won the contest, 14-6.

Lambda Chi Alpha came out fighting and scored the first points of the game on a 35-yard touchdown pass from quarterback Sammy Arnold to

Pete Hample. The extra point was missed and Lambda Chi led a surprised Sigma Chi team 6-0. The big break for Lambda Chi came, the drive had started as a Sigma Chi punt traveled for minus five yards, setting up the Lambda Chis.

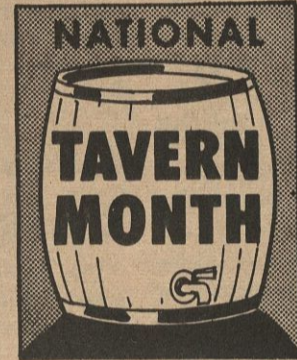

The Lambda Chi defense held Sigma Chi in check for the better part of the first half until Sigma Chi quarterback Rick Sprague found David Ewing for a 25-yard scoring toss to tie the game at 6-6. The extra point was missed.

Sigma Chi got the ball back and on the first play, Sprague found a wide-open Cliff Cumby down the sideline for an easy 60-yard scoring play. This time the extra point was good and Sigma Chi held on for a 14-6 win.

In other games played Tuesday, Delta Tau Delta pulled the upset of the season with a 6-0 win over the previously undefeated Sigma Phi Epsilon team. Kappa Alpha defeated Omega Psi Phi by the score of 14-6; and Alpha Phi Alpha came from behind to defeat Pi Kappa Phi 18-12.

ET Rodeo To Begin at 8 p.m. Tonight

By Mary Deas

The annual ET Rodeo, sponsored by the Rodeo Club, will be at 8 tonight and Saturday night, Oct. 18-19, in the University Rodeo Arena south of town on Highway 50.

The events are saddle bronc riding, bareback riding, bull riding, tie-down riding, team roping, steer wrestling, and barrel racing.

The Billy Cook Trophy Saddle will be given to the All-Around Cowboy. The saddle has been hand-engraved and hand-tooled in a rose pattern. The trophy buckles, which will be given to the first-place winner in each

event, are sterling silver and gold. The winner's name will be engraved on it.

The saddle and trophy buckles were donated by merchants in the surrounding area, according to Dr. Charley Jones, agriculture faculty and Rodeo Club adviser.

Prize money will depend upon the number of entries. A first-place winner will receive 40 per cent of the pot; second place winner, 30 per cent; third place, 20 per cent; and fourth place, 10 per cent. Of each fee, \$5 will be kept for office charge with the rest going for the prize money.

An added feature of this year's rodeo will be an event for the sororities. Each team will consist of three women who will try to dress a calf in clothes before the other teams do.

A trophy will be given to the team with the fastest calf dresser and a trophy will be given to the sorority with the best attendance. The trophies will be given Saturday night.

"This will be one of the best rodeos ever," Steve Hawkins, president of the Rodeo Club, said.

Tickets will sell at the gate for \$1.50 for adults and \$1 for children. The gates will open at 6:30 p.m., according to Dr. Jones.

Two or three gift certificates will be given away each night as door prizes. The stubs of the tickets must be kept to win a door prize. Persons who presents the stubs at the door of the Country Club in Campbell after the rodeo will be given a discount on the cover charge, according to Hawkins.

In case of rain, the rodeo may be postponed one night and rescheduled for 2 p.m. Sunday, Oct. 20.

The stock will be furnished by Gerald Wing Rodeo Co. of Bogato. The judges are Keith Parks and Homer Hawthorne, both past presidents of the Rodeo Club. David Neighbors of Paris will be the announcer. Billy Scroggins of Paris will be the clown.

A third of the entries are high school students and approximately 20 men from ET will be in the rodeo. A concession stand will be open.

Accidents Reported To Commerce P.D.

A five-car accident on the East Service Road, in front of the University Stadium, Wednesday, Oct. 9, resulted in damage to one car but no injuries were reported.

The accident involved two moving vehicles, a 1973 Pontiac driven by Thomas Howard Walker of Dallas and a 1962 Ford driven by Patricia Ann Roberts of Dallas, both ET students. Three legally parked cars were also involved: a 1972 Chevrolet owned by Thomas William Porter of Commerce, 1972 Chevrolet owned by Larry D. Sarrett of Commerce and a 1974 Buick owned by Leo Mosley of Mount Pleasant. Mosley's vehicle sustained damage to the front. The accident occurred at 11:25 a.m.

Sidney Everett Davis of Wolfe City, driver of a 1967 MG, was in collision at the corner of Monroe and Cooper streets with a 1970 Mercury, driven by Michael Eldridge Nichols of Austin. Both are ET students. Davis' vehicle suffered extensive damage in the Monday, Oct. 14 accident.

At the corner of Park and North Neal Streets Monday, Oct. 14, a 1966 Triumph driven by James Randell Stephens of Greenville, ET student, collided with a 1964 Ford driven by Minnie Sheffield Martin of Commerce. The accident was termed minor.

Another minor collision occurred at the corner of Maple and Park Streets Saturday, Oct. 12. A 1962 Chevrolet, driven by Edward Marshall Cozart of Commerce, and a 1967 Ford, driven by Cathy Ann Jobe of Wolfe City, were involved in a wreck. Both drivers are ET students. After the two vehicles collided, the Ford struck two children, Laura and Clara Kleerchulte, 1708 Campbell St. The children were taken to the Commerce Hospital but sustained no injuries.

Monday, Oct. 14, at the corner of Washington and Alamo Streets, a 1973 Ford, driven by Gary Wayne Martin of Caddo Mills, was in collision with a 1972 Chrysler, driven by Dr. William E. Truax of Commerce, ET faculty. Damage was listed as minor.

Justices Sworn In; Barrington Chief

The Student Court held an unscheduled meeting after eight of its members were sworn into office at Wednesday night's Student Senate meeting and elected James S. Barrington, Commerce senior, the new chief justice.

Barrington was elected by a 5-3 margin after being nominated by Justice Ardis D. Wright, Marshall junior. A proposal by Justice Robert Mansker, Greenville graduate, that the chief justice job be rotated with each new case before the court did not find support among the justices.

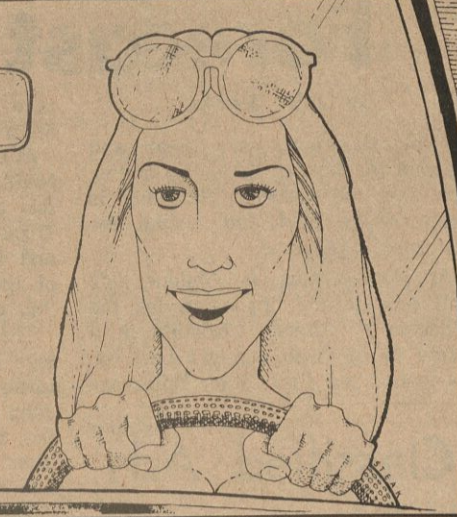

A motion by Justice Richard McKinney, Dallas graduate, that Mansker be elected for the remainder of the fall semester with Barrington automatically taking over in January after Mansker's graduation failed on a 4-4 tie vote. Justice-designate Rick Cippelle was not present to be sworn in by the United Students President Steve Henderson nor did he attend the court meeting afterward.

After the regular Senate meeting was called to order, Henderson swore Barrington, Earley, Mansker, McInto into office the eight justices. Besides Kinney, and Wright; Luann Keener, Ector junior, Freddie B. Orr, Sherman sophomore, Clara M. Wilson, Shreveport, La. graduate, and John Earley, Boonsboro, Md., senior were sworn in.

The senate also passed one resolution and sent two others to committees for further study. Graduate senator Paul D. Bivin's resolution requesting that The East Texan publish a statement urging students to vote in the Nov. 5, 1974 General Election passed. (The statement will be published in next Wednesday's East Texan.)

A resolution sponsored by John Reinert, junior senator, calling upon the administration to make tests illegal during Review Week, the week prior to finals, was sent to the Educational Affairs Committee.
