TOADMOOVED PLAN
BANK PARTY
The Monday evening party will be Thursday evening, April 25, with Eva Louise Erickson.

In the business session of the meeting, committees were appointed to have a bank party to be held on Thursday evening, May 7, in the club gym. Each Toonoo will be invited to bring a number, couple, and a tag. In addition, the ladies are invited to bring members of the club.

A Mother's Day Tea will be given for the mothers of the club members on Mother's Day. Committees were appointed to complete the plans for the occasion.

The Homecoming program of May 23 was discussed. Some of the committees accepted an invitation to participate in this year's Homecoming.

Plans were discussed to beautify some part of Commerce to the Centennial.

The topic of study for the assembly was "Cattle and the Cowboy." Lola Beth Wood, Edna Kingdon, Clyde Buchanan, "A Ranch Kingdon," Claudia Simkins told something of the origin and subject of cowboy ballads. She sang "Little Boy" and the whole group joined her in singing "Home on the Range" and "Crazy Me Back to the Lone Prairie."

After the program the hostesses served fruit punch and individual strawberry shortcakes, topped with vanilla meringue.

Toonooes will meet next Monday night at the home of Miss Grace Denny for the election of officers.

ALPHA CHI OMEGA

A new club called the Alpha Chi Omega has recently been organized on the campus, with McCarty, Alexander, and ... as its sponsors. The charter members of the organization are Tracy Lee Huffstader, president, Scott Wimberly, secretary, Samuel Eicher, Harry Lee Graham, Wesley Andrews, and Jack Seaff.

The club has obtained permission to exist from the Student Council and the Faculty Council, and after it has operated the required time, will join the regular Alpha Chi Omega, a fraternity for seniors and ex-seniors. It is a junior service organization, and is similar to the Rotary Club, which is a service club.

While the Alpha Chi Omega is not officially connected with the Boy Scouts of America, its chief purpose is to aid scouting and to further its promotion in every way possible.

Several former students and ex-teachers were visiting on the campus of East Texas State Teachers College the past week end and during the holidays of Spring Week. Several students who are now teaching at different places in Texas, visited the campus.

Among those noticed on the campus were Duncan Tallifero, Harold Murphy, Fred Ponds, Chris Ehrhart, captain of the 1935 football team, J. W. Martin, and Oyster Blaine. Many former students who are teaching school were represented at the Sing Song which was presented on the College football field, spending some time among the high school students over the campus.

Pan American Forum Presents Playlet On Early Spanish Life

A very interesting and educational assembly program was given by the Pan American Student Forum Tuesday morning, April 21. The program consisted of Modern Spanish dances and stories depicting the early days of Spanish life on the old haciendas. Very attractive costumes were designed by the sponsor, Dr. Maude Noyes, and were used in the playlet.

The play was given in conjunction with the annual San Jacinto Day and was only one of many which were being presented over the entire state of Texas. Probably the major one being given that day at the battlefield of San Jacinto.

T. C. G. Abbott, of the Smithsonian Institution, believed the racket will eventually yield data on the sun and upper air, which will make long range weather forecasting possible.

New Sidewalks Add To Campus Beauty

Campus improvements increased greatly during the past week with several cement walks being laid, the fish ponds cleaned, and regular routine included.

The side walks were laid in the most conspicuous places where the students have been making short cuts across the campus. One was placed in the path from Main Building to the college pharmacy, and another south of the drive.

Semi-annually the fish ponds are cleaned out and "winked" with red and gold fish, which are expected to be obtained within the very near future.

the SANTA MARIA Columbus Flag Ship

the ship that brought Columbus to America
..and tobacco to the world

History tells us that when Christopher Columbus' sailors took tobacco back home with them everybody hailed it as one of the first new pleasures in years. Today tobacco gives more pleasure to more people than ever before. Many different claims are made for tobacco, but most everybody agrees on this...
Smoking is a pleasure and the cigarette is the mildest and purest form in which that pleasure can be enjoyed.
