# Garrison Leads Lions To 33-0 Win Over Lumberjacks

## Locals Jump Into Lone Star Circuit Lead

Spurred by brilliant leadership by John Garrison, the E. T. Lions crushed the Stephen F. East Lumberjacks 33-0 in their first conference game of the season at the Amonson house field, Friday night, Oct. 8. The Teachers' gained almost as well but numerous Lumberjacks' roused sustained drives down the field to hold up at crucial moments.

## Association To Meet Tuesday Night

Their activities slightly hampered by heavy football season, the "T" Association, headed by Bill DeLoe, will gather in the recreation room of the Boys' Decademy Tuesday night at 8 o'clock for their first meeting of the year, and probably the first meeting before football closes.

The club is to get together and discuss our plans for the year. DeLoe explained in detail the purpose of the assembly. "We are because of football season," he said, "not doing so little activity before January, but an extensive program will follow." He said that "The program will be given during the annual T. Association dance to be held in the Whiting Gymnasium during the Lone Star games, are dismissed from their daily drills. The program will be given during the annual T. # All Lone Star Conference Teams Take To Road For Games Friday Meet the Lions

## Missouri Favored Over Lions After Bulldogs Beaten

The Lone Star Conference quadrupled its road schedule on the route to live up completely in the way of football this week. All members of the conference are slated to battle opponents on foreign soil with the East Texas State delegation taking the mileage to the "home" state of Missouri.

East Texas State Lions, headed by Coach Lewis, left early Thursday morning after a week of strenuous practice to clash with the Northeast Missouri Teachers at Hannibal. Prediction here is that the Lions will be playing a nice conference game. The Lumberjacks hope for their first conference triumph was shattered last Friday night after the team Lumberjacks.

Coach Jack Sosa of the North Texas Teachers will entangle the McCarty Aggies at Abilene. Another three games will be played. The Eagles are expected to make a comeback for football interest in the Lone Star. Last minute tally, the Eagles won their first game in the Lone Star.

Winding with a point margin over the leads from Scherer Institute last week, the Southwest Texas Teachers at the Southwest College drove an effort to keep their undefeated conference season record. Kick-off eleven and then looked us up in the office so that we might ponder for a while.

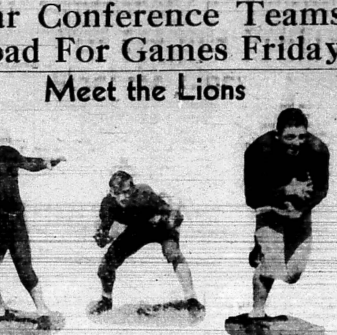

After pondering it does look as though there might be a good chance of the Lions meeting their Waterloo up there in North Missouri. Understood, good teams is not one of our main views. We will make everything into consideration and then you see what you think.

In the first place, the Kirkville Bulldogs have the psychological advantage. They lost last week, with the Lions have won their last two games. They do not know what psychology is. Ask Professor McCarty: "Next the Lions will be playing after a long trip, on strange soil, different conditions and without any backing. They will be handicapped, with numerous injuries gained in the last two games."

The team that are playing will be the Lumberjacks. They are big, fast and backfield against any in the U.S., and that includes the University of Boston. If it should happen to get beat Friday, the Lumberjacks will be because of some of the best previously mentioned handicaps for the Lumberjacks' team.

Before anyone starts saying over our loss this week, we want to be content to accept that we have quite a football team over our selves. We will match our line and backfield against any in the U.S., and that includes the University of Boston. If it should happen to get beat Friday, the Lumberjacks will be because of some of the best previously mentioned handicaps for the Lumberjacks' team.

One thing that we have about the situation coming out on Friday is to be met and the students have heard all about the game on the ground. Last week's game was one game that we especially wanted to see. The students should be in the stands when we will be in the stands to see the game. Superior backing to the west of the game. Con-

# Wrambling With Willie

Went over to the gym Monday morning to ask the views about our chances at the Kirkville tilt. Perhaps it was the Dallas News item predicting the Lions as favorites, or perhaps it was our own optimistic attitude, but nevertheless Coach Berry and Vincent gave us an unusual amount of statistics on why we shouldn't be the Kirkville eleven and then looked us up in the office so that we might ponder for a while.

After pondering it does look as though there might be a good chance of the Lions meeting their Waterloo up there in North Missouri. Understood, good teams is not one of our main views. We will make everything into consideration and then you see what you think.
