As new semester begins

Apartments full; rents up

By JEANIE SHANAHAN
Staff Writer

Housing this fall is more difficult to find and more expensive than in the past for students according to a check with several apartment managers in Commerce and University Housing authorities.

All but one of the apartment managers consulted reported full apartments, except one which had two vacancies, and most have been full for a couple of months.

University dorms and apartments held 2,119 students by Tuesday afternoon, which is a slight increase over last year's figure, according to Dr. H. Don Pope, director of Housing. The number of vacant units was unavailable, however.

Many apartment owners have increased rent within the past few months, the result of increases in utilities, garbage, sewage fees and property taxes cited. University housing rates have also increased this fall, compared to last spring, and a Housing source unofficially attributed the increase to inflation.

A possible explanation for the shortage of apartments in Commerce as well as the increase in demand for University Housing may be due to what appears to be a record enrollment for this fall. Earlier this week, 8,700 students had registered, a total slightly above that recorded at the same time last fall.

At The Village, there have been no vacancies for two months, according to manager Jean Jackson.

Rent went up \$20 per apartment June 1, and Ms. Jackson said the increase was due to a 35 per cent increase in gas, a 25 per cent increase in water and sewage, and a doubling of TV cable and electric costs, all in addition to increased property taxes.

All units at The Americana have been rented since early August, according to manager Solan Follis, though a couple of vacancies occurred later but were filled "almost the same day."

All 200 units of the Gene Leslie apartments are full and have been for about three weeks, according to manager Mary Jo Leslie. "They've been rented more this year than ever before," she said, saying that she thought that increased enrollment could be the cause.

Rent for the Gene Leslie apartments, which include Quiver and Bow, Tejas, Seven Arrows and smaller houses and apartments, in-

creased by \$15 per unit this September, due to increases in property taxes, utilities and a water bill that has doubled, Mrs. Leslie said.

There are two openings at the Century House, which contains 40 units, one of which was due to a misunderstanding of contracts by a potential renter, and another which was abandoned in bad condition by a former occupant, according to manager Steve Henderson.

A "fairly steady" flow of applicants continued until a week before school began, Henderson said. A \$20 rise in rent for the Century House went into effect this month, mainly because of the cost of electricity.

All Park Plaza units have been rented for "a month or two," manager Le Ann DuPriest said. Rent was upped on June 1 because of increases in insurance, taxes and utilities. Princess Apartments have been full all year, according to the manager's mother Mrs. B. Bickham.

Six Forum Arts programs set; Ed Nelson to perform Sept. 15

By P. J. KEESE
Staff Writer

Six programs have been scheduled for this fall's Forum Arts series, opening with Ed Nelson in "Give 'Em Hell, Harry," according to Dr. Margaret Wheat, director of Forum Arts.

Ed Nelson in "Give 'Em Hell Harry," is a one-man play and will be presented at 8 p.m. Monday, Sept. 15, in the University Auditorium. Dr. Wheat said that the play is limited to ET students, faculty, staff and their families and is not open to the general public.

Nelson is probably best known for his portrayal of Dr. Michael Rossi in the television series "Peyton Place." He has also appeared in motion pictures and other television programs.

The second Forum Arts presentation is scheduled for 9:30 a.m. Monday, Sept. 22, in the University Auditorium and will feature Don Rumbelow in "I Spy Blue."

Rumbelow is a writer and member of the City of London police force, and he will speak on some of

England's most spectacular crimes. His latest book is "Jack the Ripper," which will be published in the United States this month.

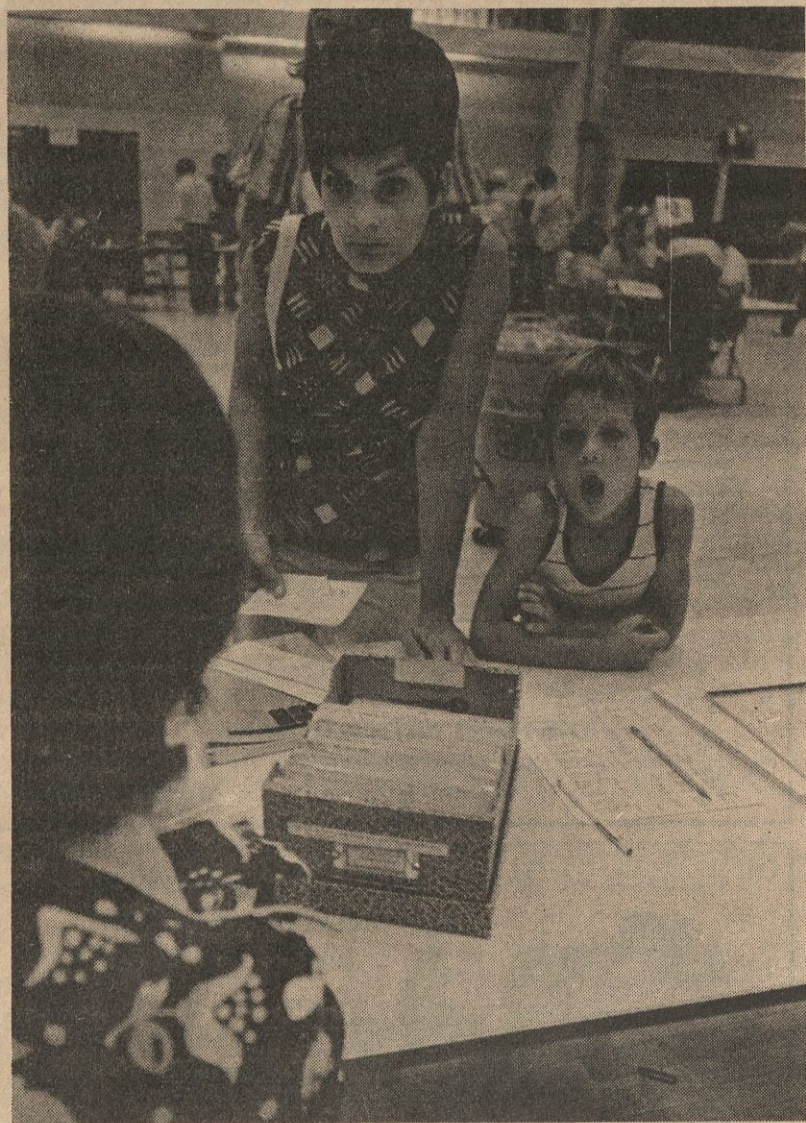

"I Spy Blue" is sponsored by the Forum Arts Committee, the Department of Literature and Languages, Department of Sociology and Anthropology and the College of Liberal and Fine Arts.

At 10:30 a.m. Tuesday, Oct. 14, in the University Auditorium, Dr. Bruce Nicklas will speak on "Moving Chromosomes in Living Cells." Dr. Nicklas is professor of zoology at Duke University. The program is sponsored by the College of Science and Technology.

Dr. David Elkind, professor of Psychology at the University of Rochester, will speak on "Piaget and Education: The Relevance of His Work," at 10:30 a.m. Friday, Oct. 31, in the University Auditorium.

Dr. Elkind was granted a fellowship to study Jean Piaget in 1964 and he has done research on the effects of Piaget's work on the education of children.

Art-Music complex set to open; other buildings still in progress

By ROD PAASCH
Staff Writer

Some music and art courses may be relocating next week to the new Creative Arts Building, located southwest of the ET campus, behind Hubbell Hall. Charles Morrow, vice president for administration, said.

The facility, which will house portions of both music and art departments, will be the first completion of three building projects now in progress on campus.

Final inspection of the \$404,861 facility is expected to be made next week, and music and art departments will move in as soon as possible afterward.

Two other projects in progress include a \$1,824,000 Ag-Industry Technology Building, adjacent to the Administration Building, and a \$2,141,850 Performing Arts Center, next to Gee Lake.

Scheduled to be completed "some-time in October," the Agriculture-Industry Technology Building will become home for courses now taught in various buildings on campus, Morrow said. The new building replaces an out-dated "army barracks" which was torn down last fall at the same site.

Speech tests scheduled

Speech Proficiency Test will be conducted Monday, Sept. 22-Friday, Sept. 26, in the Speech and Drama Building, according to Dr. Anthony J. Buckley, speech and drama faculty.

Registration for the test is scheduled to be from Monday, Sept. 15 to Friday, Sept. 19, and instruction sheets will be available at the registration desk in the Speech and Drama Building.

"Some of the staff are in temporary facilities," Morrow said, adding that staff members had been scattered since the destruction of the former building. He said the new facility is three to four months from completion.

The Performing Arts Center "is from six to nine months away," Morrow said. It will house the drama department.

Both the Agriculture-Industry Technology Building and the Performing Art Center were delayed by a workers' strike during the summer, Morrow said, but he did not have figures on the amount of time lost, nor cost of the delay.

These two buildings had been scheduled for completion prior to the beginning of the 1976 Fall Semester, he said.

Dr. Charles McGough, head, Art Department, said his department would move painting, ceramics and graphics courses to the Creative Arts Building.

"This will allow us to pull back into this (old) building, Art History, now taught in the Business Building . . . and enlarge classrooms for drawing, advertising, art education and sculpture," McGough said.

"This gives us all the space we can foresee need for in the art department, except for sculpture," he said, calling sculpture facilities "inadequate space."

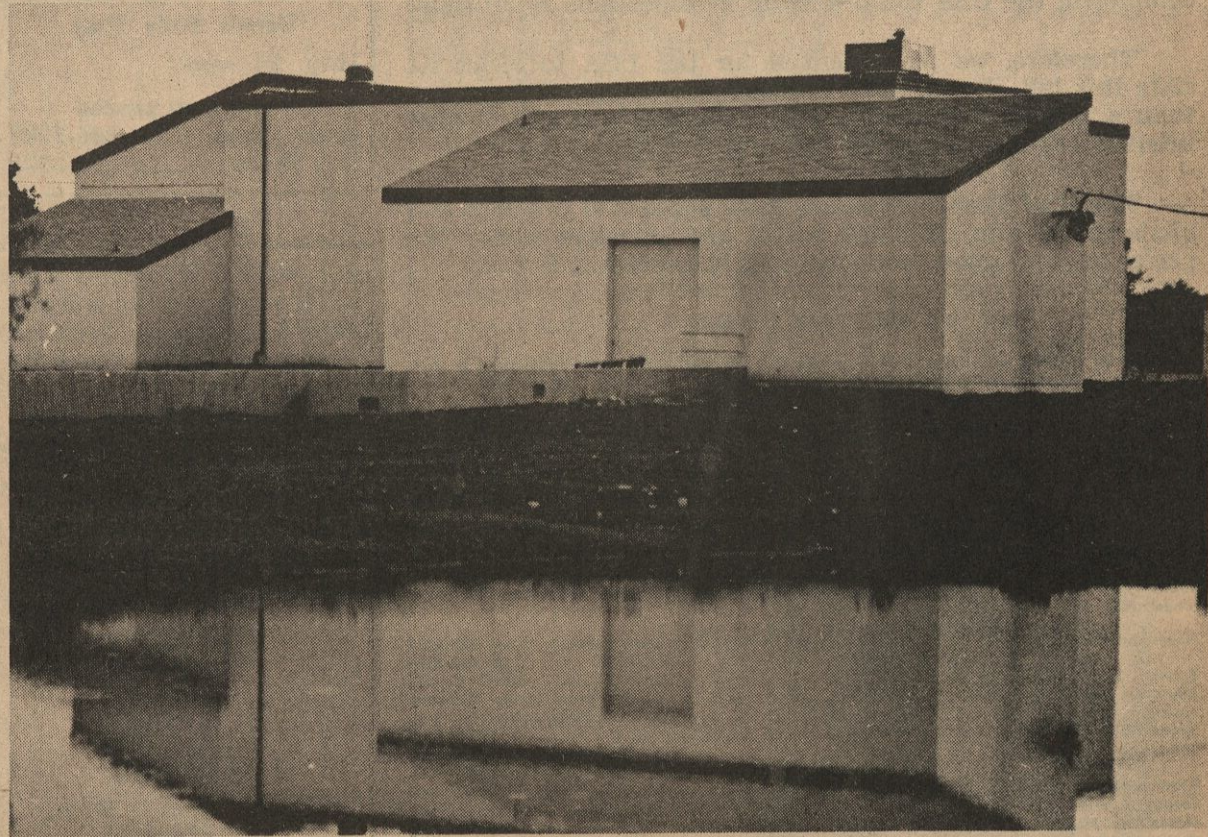

Opera productions and electronic and multi-media shows will move from the old Music Building to the Creative Arts Building, Bill Abbott, chairman of the vocal division in the Music Department, said.

Included in the facility is a small adjacent building to be used for a

among other things" using tape recorders, sensitizers and other equipment, Abbott said.

Also in the facility are a shop with power tools for constructing scenery, 10 practice rooms and a costume department, according to Abbott.

Abbott believes the building will provide a "good atmosphere" for teaching and it may be used for workshops.

NEW ART COMPLEX—Located southwest of Hubbell Hall, the new Creative Arts Complex waits for final inspection next week. The music and

arts departments will move in shortly after inspection.

EDITORIAL

Fall student government working for better year

It's a brand new semester and everybody has the chance to get off to a fresh, clean start. Apparently the United Students Association is thinking along that line with some of its new projects and ideas. Plans for this year are seemingly aimed for a better image than the one the USA developed during the 1975 spring semester.

For the benefit of freshmen, transfer students and returning students who don't know, the USA is the student government body at ET. It has an executive branch, a legislative branch and a traditionally ineffective judicial branch.

The East Texan, which has always covered the USA for its readers, is pleased to learn of the steps forward planned, as well as those already taken. In past years, ET's student government has often initiated projects, but never completed them.

One highly-publicized Student Senate (USA legislature) project which didn't make it recently was the construction of an all-campus bulletin board. The senate hastily appropriated \$3,000 to build the board last April but abandoned the project by turning it over to Gerald Scarborough, USA president.

Scarborough vetoed the board's construction in June because the senate had neglected to provide necessary background research for the project. Hopefully, ET students will remember such past senate inefficiencies when we go to the polls later this month by electing conscientious student senators.

The USA has completed some projects recently, however, and others are being planned. This could place the USA in a better light with its constituency.

One meritorious project recently finished is the "Student Housing Guide." This provides a list of Commerce apartments, describing relevant information about each complex, such as the responsibilities and obligations of renters and leasers. The guide is free and can be obtained at the main counter on the second floor in the Student Center.

Another accomplishment is an event scheduled later this month, called "Campaign Day." USA spokesman Chauncey Nealy said the event will provide candidates for student senate and class office an opportunity to voice individual platforms and qualifications. He said the event will give students a chance to become involved with their student government.

Last spring's presidential and vice presidential elections on campus received very little attention from ET students and were dominated by unmotivated candidates. The 1974 fall elections were just about as dull.

The USA has begun a program on KETR-FM called the "USA Report," which will return beginning Sept. 23. It was introduced during the summer. The program will feature interviews with Ivory Moore, Dean of Minority Affairs and Joe Helton, Director of Testing, Orientation and School Relations, during the fall semester, Nealy said.

The USA also has a few other projects which are still in the planning stage. One such program being planned is a student Lyceum series aimed at featuring student talent and academic achievements. If this and other programs are completed, the USA could develop a respectable reputation.

Therefore, we see potential for the USA to clean its slate this fall. In the past, it has often been nothing more than a group of students more concerned with their own internal organization than the affairs of all students.

The East Texan applauds these successful projects and anxiously awaits similarly useful and effective work. We prefer to print good news, not just bad.—Kevin P. Cox

Sunday, Sept. 14

SAB movie: "Cinderella Liberty"—American Ballroom, Student Center—3 and 7:30 p.m.

Henderson, Binnion to be refurbished

Architects are checking Henderson and Binnion Halls on the northeast side of campus, for the purpose of refurbishing the structures into offices and classrooms, Charles Morrow, vice president for administration, said.

"They are going to refurbish them. It's not a study," Morrow said.

The two buildings had been used for storage. Work is expected to begin in the spring, he said.

ET enrollment may set record

A record enrollment seems to be in the making for ET as 8,700 students had registered as of 5 p.m. Monday.

This total is up slightly from the same time last fall, according to Jeanette Whitley, Records Office.

Total enrollment figures will not be completed until after Saturday, Sept. 13, the final day to register. Last fall's enrollment was 9,241.

Housing figures are also up, according to Dr. H. Don Pope, Director of Housing. Approximately 2,119 students were living in university housing as of Tuesday afternoon.

Dr. Pope said that students were still moving in and out but that he expects students in housing this semester to exceed last fall's 2,118. Housing totals will not be available until after the twelfth class day.

Who worries about the future? YOU DO.

You make plans for the future. Maybe that's why you're in college. And we can help you with those plans.

We can help you put money away for that future . . . for continuing your education, for that special vacation, or for that day when you venture out into the world as a graduate of this university.

Gas, cable rate increases postponed by commission

By JEANIE SHANAHAN
Staff Writer

After listening to more than two hours of discussion about rate increase requests from Lone Star Gas Co. and TelePrompTer Inc., the Commerce City Commission postponed action on the requests until its next session, during its meeting Tuesday, Sept. 2 at City Hall.

TelePrompTer, the area cable television service, had requested a 7.9 per cent increase, which would be a change from the monthly rate from \$6.95 to \$7.50. The increase would only affect the primary outlet, or the first one installed.

Lone Star Gas had asked for a 103.99 cent or approximate \$1.04 gate rate increase, or a 20 cent per 1,000 cubic feet increase, according to manager Wes Rudd. The gate rate is the rate charged to Lone Star Gas for gas bought from distributors at the city entrance or gate.

"This is to pass along increased costs, not to increase our profit margin at all," Rudd said, explaining that the increase was intended to pass increased costs charged to the company by its distributors to customers.

Lone Star Gas had requested a 10 cent per 1,000 feet increase earlier,

but withdrew it when the Texas Railroad Commission — which regulates Lone Star Gas — approved the larger rate.

Rudd said that he was not authorized to accept any increase less than what the company asked for, and if it is not given, Lone Star Gas will appeal to the Railroad Commission. If the Railroad Commission approved the increase, the city could then appeal to a court.

The TelePrompTer rate increase request was based on financial reasons, manager Bill Grumbles said, listing depreciation on equipment, interest and parent company management charges as the largest financial concerns.

Grumbles said that he intended to ask the Honey Grove and Cooper city commissions for rate increases since TelePrompTer also offers services there.

One citizen asked why TelePrompTer did not charge installation fees, since there is a large proportion of new residents and short-term residents, who change residences often, rather than leaving the brunt of the expense to permanent residents through a rate increase.

Grumbles replied that TelePrompTer only had one week of free installations during 1975 so far, and

that installation for a new customer costs \$12.50, and \$7.50 for a relocation. He said, for example, that when students move out of a residence and new ones move in immediately, and the cable has been left on, no installation is charged.

TelePrompTer does not charge deposits, since unlike the utilities and telephone companies, its service is a luxury rather than a necessity, Grumbles said. "We don't have a deposit because it hurts our sales," he explained.

The Commission instructed Grumbles to supply it with more information about its depreciation, and told Rudd to give the Commission information as to how many other cities have approved Lone Star Gas increases.

In other action, Claude Sturgeon presented the Commission a petition containing 218 names requesting the City Commission to call a referendum to determine if Commerce citizens want to sell the City power plant.

The Commission also accepted the single bid received for placing an overlay on a new parking lot undergoing completion on Washington Street and Bonham Alley. Tedd Cupp received the contract to overlay the parking lot in 15 working days for \$7,438.08.

Country musician Willie Nelson to perform at homecoming show

Listed as a bicentennial event with a theme of "America, You've Come a Long Way," ET's Homecoming 1975 will feature progressive country music star Willie Nelson and the 200-member First Baptist Church of Dallas choir, according to Ron Robinson, Dean of Student Life.

Homecoming events are scheduled from Tuesday, Oct. 21 to Saturday, Oct. 25. Nelson will perform in the Field House on Friday, Oct. 24, and the Baptist choir will perform Saturday morning, Oct. 25 during the Homecoming luncheon.

A Homecoming parade is scheduled for 9:30 a.m. Saturday, Oct. 25, prior to the football game between ET and Stephen F. Austin at 2 p.m. in Memorial Stadium.

Pat Turner, parade chairperson and director of the Office of Student Development, is accepting parade applications in her office in the Student Center. The deadline for entries is Monday, Oct. 20, and Mrs. Turner said there are presently 17 entries.

Of the 17 entries, 10 are from the Texas Shriners. Among the organization's Commerce-bound units will be the international Shriner parade champion Mustang Patrol of mini-cars from New Boston.

Two Dallas Shriner officials, Hella Temple Recorder Danny Wilson and Potentate Ed Smith will also be part of the parade.

Other Shriner units from Dallas include the Harley '74s motorcycle group, the Hella Temple Drum and Bugle Corps, the Hella Temple Clowns, the Hella Temple Band, the Hella Temple Arab Patrol, the Hella Temple Oriental Band and the Director's Staff Mobil Stage, featuring Dewey Groom and the Hella Temple Westerners.

The Baptist choir will participate in the parade and the single Commerce entry to date is the ET Squares, a square dance group.

Dr. Pepper has donated \$500 to AFROTC to build a float with the title "Eyewitness to History."

The U.S. Navy's recruiting station in Greenville will be represented with a U.S.S. Enterprise float, a model of the first nuclear-powered craft, and the U.S. Naval Air Reserve of Grand Prairie has entered a decorated van.

American Legion Post 6796 of Dallas will send color guards, dressed in 1776 uniforms and carrying flintlock muskets.

The Mets, a tumbling team from

Richardson, will enter the parade for the second time.

In addition, Charles McGough, head, Art Department, is planning an alumni-student-faculty art show plus a reception for alumni attending the 1975 homecoming.

The Department of Biology also is planning a reception for its alumni.

Popularity of CB's causes local thefts

The rising popularity of citizen band radios is accompanied by an increasing number of thefts of the units, and owners of the radios should take precaution to mark their property, advises Sgt. Mike Miller of University Security.

Miller said that CB radio owners should engrave the serial number of their unit or their drivers license number on the metal case of the radio. This enables authorities to positively identify recovered stolen property. Engraving tools are available in most dorm offices, and also at the University Security office, according to Miller.

Miller, the communications supervisor for Security, said that CB radios are replacing eight-track tape players as the most popular items for thieves to steal.

"Three years ago, it was eight-track tape players," Miller said. "Then the thieves at least had to look inside the car to see if one was in there. But with CB radios, all they have to do is look for an antenna. The antennas are advertisements that a CB radio is inside."

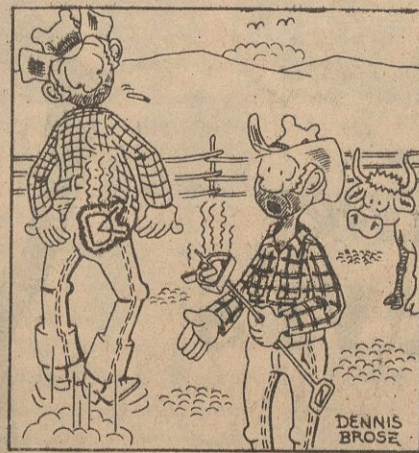

Miller also alerted students that Security officers are not under or-

ders to issue warning citations for parking violations during the first weeks of school. Instead, he said, "we are enforcing all traffic regulations. There are some new students who are unfamiliar with the parking regulations, and their mistakes are legitimate. But there are others who think they can get away with parking in the wrong zones for awhile because the officers will only issue warning tickets. But we leave that to the officer's own discretion. It's business as usual."

Miller said Security received a report that a CB radio, valued at \$110, was stolen from a car near Hubbell Hall, sometime between midnight and 10 a.m. on Friday, Aug. 29, and that an eight-track tape player and radio converter, valued at \$149.95, was stolen from a car in the Sikes Hall parking lot the same day. Both cars were reportedly locked.

On Monday, Sept. 1, Security received a report that seven paintings, valued at \$1500, were stolen from the art annex building on Cooper Street. It is believed the paintings were taken during registration last week. All three cases are still under investigation.

Having Trouble Finding Your Brand?

To those of you who have strayed from home pastures for the first time and to those of you returning to the green pastures of ETSU—We say WELCOME! We hope you'll make our store your "home away from home." We cater to Western wear folks but have jeans and other items for everybody. You're welcome in our store with or without boots and hat. Maybe you'll find your brand of leisure or western wear. As our special way of welcoming you, just cut out this ad and receive a 10% discount on anything in our store. Look for the "hitching rail" logo in future editions of the East Texan.

We proudly display and sell the following famous brands: LEVI, WRANGLER, TONY LAMA, H-BAR-C, RESISTOL, LONGHORN, PIONEER, ARTHUR BYER, AND OTHERS!

FACULTY NOTES

Clinton publishes article

Dr. Lawrence Clinton, sociology and anthropology faculty, had his article, "Urban Relocation Reconsidered: Antecedents of Employment Among Indian Males," published in the Summer issue of "Rural Sociology."

The article is concerned with the aspects of migration of American Indians and is based on data collected by Dr. Clinton.

Johnson publishes review

Dr. John A. Johnson, earth sciences faculty, has had a book review of Kent Gilbreath's "Red Capitalism: An Analysis of the Navajo Economy," published in the last issue of the "Annals of the Association of American Geographers."

Godbold completes tenure

Dr. John Godbold, secondary and higher education faculty, has recently

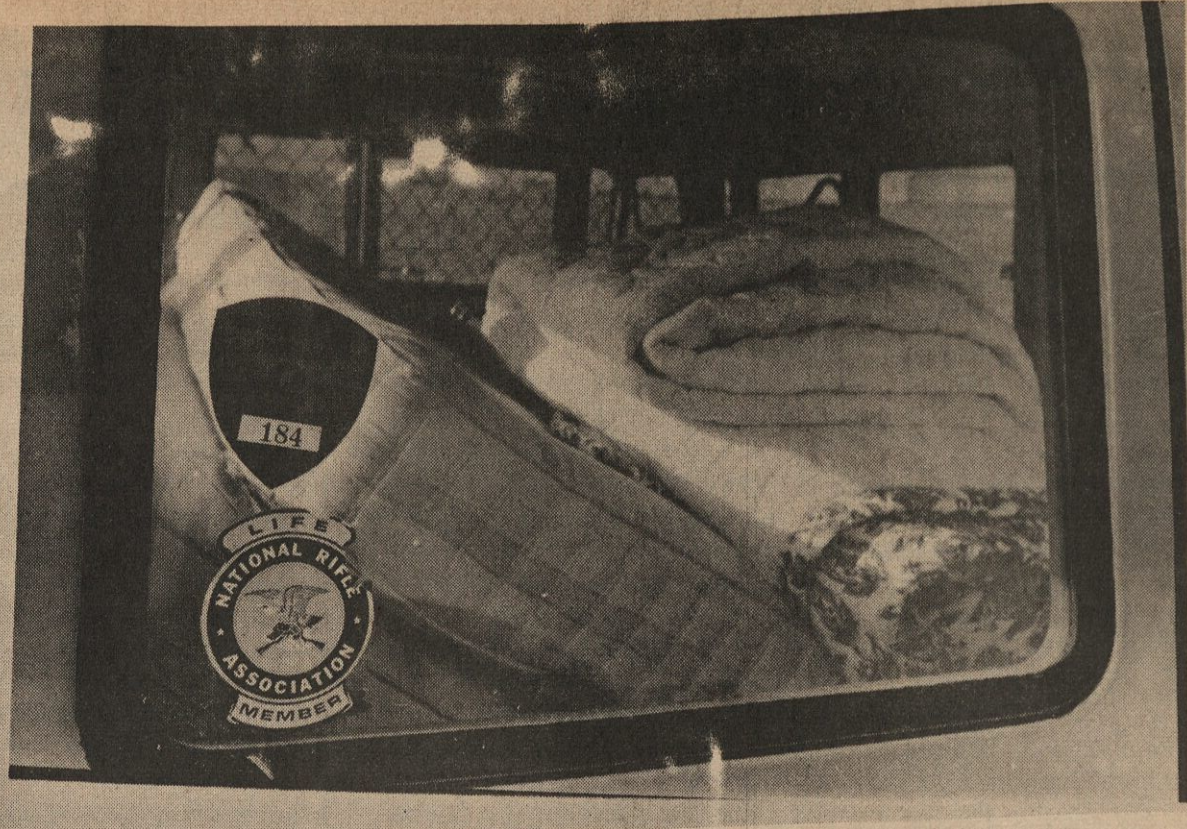

completed a tenure as consultant to the Lubbock Independent School District. As a consultant, Dr. Godbold designed and directed the in-service programs for the American and World History teachers in the Lubbock public school system.

Chadwick named to Who's Who

Dr. Robert Chadwick, sociology and anthropology faculty, will be noted in the 1975 editions of "Who's Who in Texas," and "Who's Who in the South and Southwest."

Associated general contractors

A meeting of the Student Chapter of the Associated General Contractors will be held at 11:30 a.m. on Tuesday, Sept. 9, in Room 104 of the Industry and Technology Building. All students interested in construction are invited to attend.

FULL LOAD—Students crammed their cars full of belongings last week to make the move into

ET hospital gains service fee, doctor

By KATHY DOVE
Staff Writer

Students returning to ET after a three-month break have discovered they no longer have to depend on part-time clinic doctors to provide for their medical needs.

But, they have also found they are paying a new service fee which is taking up to \$12 out of their pockets.

The appointment of Dr. William E. Greer, of Nashville, Tenn., to the position of full-time doctor in July was followed last month by a student health service fee. The fee was adopted during the August meeting of the Board of Regents and will go into effect this semester.

The fee is \$1 per semester hour, up to 12 hours, for each fall and spring term, giving the fee a \$12 maximum limit. In summer sessions the fee is \$1 per semester hour up to six hours, making \$6 the maximum fee requirement.

Dr. Ruth Ann White, vice president of Student Affairs, said that the fee should provide and insure better health services for students.

The fee has already been used to hire a registered nurse. Some of the improvements planned include additional lab equipment for the hospital and hiring a part-time lab technician when lab facilities and equipment are available. Dr. White said that the health service fee could also be used to buy equipment for the new hospital when it is moved to Henderson Hall.

Money collected from the fee may

be spent only in health areas, Dr. White said. Any surplus money can be transferred to next year's hospital budget.

The appointment of Dr. Greer concluded a 12-month search for a full-time physician.

An ear, nose and throat specialist, Dr. Greer has approximately 15 years of practical experience. He received his M.D. in 1955 and spent his residency at the Southwest Medical Center in Dallas and at Bethesda Hospital in Maryland.

Following three years of private practice in Odessa, Dr. Greer spent seven years as chief of service in ear, nose, and throat in the VA Hospital in Nashville, and on the hospital staff at Vanderbilt University.

Dr. Greer spent four years as a district public health director in Nashville. He is now in the Navy Ready Reserve and has eight years active duty.

Dr. Greer is available at the infirmary from 9-12 a.m. and 1-5 p.m. Monday through Friday. Working part-time with him is Dr. Kenneth White who is at the infirmary four days a week.

CAMPUS SCOPE

Scholarship show set

The Art Club of Dallas is sponsoring a scholarship show exclusively for ET advertising art students. Work will be displayed at Olla Podrida, 12215 Coit Rd., in Dallas from Monday, Sept. 8 through Saturday, Sept. 13.

A \$250 scholarship will be awarded to the student artist with the most promising professional potential. This presentation will be at 7 p.m. Wednesday, Sept. 10, at Olla Podrida. Refreshments will be served and admission is free to Art Club members, \$2 for non-members, and \$1 for students.

Scholarships offered

Applications are being accepted for International Student Tuition Assistance Scholarships. The scholarships, based on need and grade point average, will be accepted through Sept. 19, in the International Student Advisor's Office of the Student Services Building.

Physics students begin research

Mike Andrews, Richard Cernosek and Mike Goad have received appointments to the Robert A. Welch Graduate Research Fellows for the 1975-76 term by the Physics Department

Committee on Fellowships and Scholarships. The committee also announced the appointment of William R. Moore to the Robert A. Welch Undergraduate Research Scholar.

Goad and Cernosek will conduct their research under the direction of Dr. Ben Doughty. Andrews and Moore will do their research under Dr. Arlen Zander.

Recitals to begin

Student music recitals will begin with Ernestine Richard in a vocal recital at 7 p.m. Monday, Sept. 15. Jay Cotton will present a piano recital at 7 p.m. Tuesday, Sept. 16.

The recitals are open to the public at no charge in the Music Building.

Weekly luncheons planned

The University Christian Center will begin a weekly Student-Faculty Noon Luncheon Program on Tuesday, Sept. 9. A different speaker will be featured each week and a lunch may be purchased for 75 cents.

Dr. Fred Tarpley, head, Literature and Languages Department, will Movees,' at the first luncheon.

MULLING IT OVER—In the midst of fall registration, this woman seems to be either very confused or very tired. Her confusion could be the result of a record number of students enrolled at ET this fall.

(Staff photo by Gene House)

Continuing education schedules informal, credit free courses

Something for everyone is being offered this fall in informal, credit-free courses through the Division of Continuing Education at ET.

Each course is open for enrollment to anyone, regardless of age, as long as there is space available in the class. Enrollment may be made by mail to: Informal Courses, Division of Continuing Education, East Texas State University, Commerce, Texas, 75428, or by attending the first class meeting.

There is a fee for each course and some require the purchasing of supplies and books. All classes except one, a real estate course taught at Greenville Junior High School, will meet on the ET campus.

Course information includes the following:

—A basic drawing and painting class begins Monday, Sept. 8, in the La Salle Room of the Student Center, 7:30-9:30 p.m.; eight sessions, \$22 plus the cost of materials; James Templar, instructor.

—A beginning course in five-string banjo begins Wednesday, Sept. 10, in Room 143 of Education North, 7-8 p.m.; 10 sessions, \$20 includes materials and banjos may be rented; Dr. Bill Ogden, instructor.

—A belly dancing course begins Thursday, Sept. 11, in the Coffee-house of the Student Center; advanced classes, 6-7:30 p.m.; beginners, 7:30-9 p.m.; five sessions, \$22.50 and \$20.00; Andria Wangler, instructor.

—A body and figure control course for women begins Wednesday, Sept. 10, in Whitley Gym, 7-8 p.m.; six sessions, \$7; Sandy Weeks, instructor.

—A divorce adjustment group begins Monday, Sept. 8, in the Office of Counseling Services located in the Student Services Building, 7-8:30 p.m.; number of sessions to be determined, \$35; Dr. Murlon Dye and Dr. Bob Gold, instructors.

—A dog obedience class begins Wednesday, Sept. 10, in Henderson Hall, 7-8:30 p.m.; 10 sessions, \$30; Sandra Barron, instructor.

—A beginning guitar course begins Monday, Sept. 8, in the Franklin House on the corner of Cooper and Mayo Streets; ages 6-14, 6:30-7:30 p.m.; ages 15 up, 7:30-8:30 p.m.; 10 sessions, \$20 plus \$5 materials fee; Dr. Harry Fullwood, instructor.

—A karate class begins Tuesday, Sept. 9, in Henderson Hall, 7-9:30 p.m.; full semester, \$25 or according

to belt color; Bob Beasley, instructor.

—A needlepoint class for beginners begins Thursday, Sept. 11, in the Mockingbird Room of the Student Center, 7:30-9:30 p.m.; six sessions, \$20 plus materials; Betty King, instructor.

—A real estate class begins Wednesday, Sept. 10 in the Greenville Junior High School, 6-9 p.m.; 10 sessions, \$60; Phil Fugitt, instructor.

—A tumbling and gymnastics course begins Tuesday, Sept. 9, in the Whitley Gym; age levels, grades 1-6, 5-7 p.m.; 10 weekly sessions; age levels, grades seven and up begin Thursday, Sept. 11, 5-7 p.m.; 10 weekly sessions, \$25; Betty Byers, instructor.

—A macrame course begins Tuesday, Sept. 9 in the Friendship Room of the Student Center, 7:30-9:30 p.m.; five sessions, \$16; Marilyn Morris, instructor.

'Sugarland Express' set for 2 showings Sunday

"Sugarland Express," to be shown at 3 and 7 p.m. Sunday, Sept. 7, in the American Ballroom of the Student Center, will open this fall's list of the Student Activities Board Cinema media movies shown on Sunday nights.

Other movies scheduled and their dates include: "Cinderella Liberty," Sept. 14; "The Sting," Sept. 21; "Chinatown," Sept. 28; "Papillon," Oct. 5; "Parallax View," Oct. 12; "Deliverance," Oct. 19; and "Paper Chase," Oct. 26.

Also slated are: "Serpico," Nov. 2; "Monty Python's 'And Now for Something Completely Different,'" Nov. 9; "The Longest Yard," Nov. 16; "That's Entertainment," Nov. 23; "Claudine," Dec. 7; and "Super-cops," Dec. 14.

Alumni set party, dinner

The ET Alumni Association will host a cocktail party and buffet dinner preceding the ET-Prairie View A&M football game at 6 p.m. Saturday, Sept. 13, at the Fair Park El Chico Restaurant in Dallas.

Meals will be \$2 for individuals who have paid alumni dues, \$3.50 for others and \$1 for children under 12. Cocktails will be \$1.25 each, and alumni dues will be accepted at the restaurant.

Obscene t-shirt charges dropped

HOUSTON (AP)— Houston officials said Thursday, Aug. 28, they will drop charges against a youth arrested by police for wearing a T-shirt emblazoned with a expletive descriptive of barnyard manure.

City Atty. Jonathan Day said he would drop charges against Dwight Miles, 17, who was charged with disorderly conduct, a misdemeanor, for wearing the T shirt.

Police arrested the youngster under a disorderly conduct law which forbids knowingly displaying obscene material.

Miles complained to the Houston City Council Wednesday about the arrest, claiming it was police harassment. He said he bought the T-shirt which offended the police officers at a large Houston shopping mall.

A city attorney recommended the charges be dropped because displaying the term "does not fall within the statutory definition of obscenity as defined in the penal code."

Acting chief of police Joe Clark also recommended that the charge be dropped.

"Times have changed," he said "What the public defines as obscene is their business, not ours."

Student Senate to meet

The first meeting for the Student Senate will be held at 6 p.m. Wednesday, Sept. 10, in the Board Room at the Student Center. All unfinished business will be discussed along with plans for the upcoming elections. Del Brown, senate president, urges all 1974-75 senate members to attend.

Women's volleyball squad preparing to open season

By MERLE WARD
Staff Writer

Women's varsity volleyball coach Samye Johnson opened fall workouts at Whitley Gym Thursday, in preparation for ET's opener, tentatively scheduled at ET Tuesday, Sept. 23, against North Texas State University.

Johnson, a graduate of Mississippi University for Women in Columbus, Miss., is beginning her first year as ET volleyball coach. She played volleyball for four years at MUW and participated in national playoff competition in 1970 at Long Beach, Calif.

According to Johnson, women interested in participating are asked to contact her as early as possible next week.

Conditioning workouts for women's varsity basketball also began this week. Workouts are scheduled from 3-3:30 p.m. daily next week. Anyone interested in trying out for the team is asked to contact coach Susie Knause.

Workouts for track and field will begin at 3:30 p.m. Monday, Sept. 8, at Whitley Gym. Interested participants may contact Coach Carolyn Burt for further information.

'YOU CAN HAVE IT'—Ray Parker, freshman tailback from Euless, seems to be telling a helpful Southeastern Oklahoma defender. Parker had just picked up a few yards on the play, and

seems to be more than willing to part with ball. The Lions rushed for 248 yards and three touchdowns enroute to a 27-7 shellacking of the visitors from Durant.

Fem intramurals set Sept. 15

Women's intramural sports activities are being organized with softball opening the fall semester Monday, Sept. 15.

Basketball begins Oct. 20, followed by basketball free throw Nov. 10-11 and badminton competition Nov. 10.

The intramural program is designed for the student who is not a varsity athlete, and any student can participate. Sorority and independent organizations are asked to appoint

representatives to act as a liaison between the Intramural Department and their organization, according to Carolyn McQueary, intramural director. The first intramural meeting will be 4 p.m. Monday, Sept. 8, in Whitley Gym.

Women interested in officiating intramural games should contact Barney Iles at the Intramural Office in the Field House for further information.

PONDERING — Bobby Fox, coordinator for the "Blue Gang" defense which led the Lone Star Conference in scoring and pass defense last year, wonders if something might have gone wrong during Monday's scrimmage with Southeastern Oklahoma.

(Staff Photo by Gene House)

ET Lions outscrimmage Southeastern 27-7

By ROD PAASCH
Staff Writer

Lion football for 1975 got a big shot in the arm Monday afternoon as head coach Ernest Hawkins' gridders raked Southeastern Oklahoma, Durant, over the coals in a 27-7 scrimmage win.

"I think we showed a lot of poise in getting our plays off offensively," Hawkins, ET's winningest coach ever, said.

About 100 fans watched the Lions dominate an outclassed visiting squad which even Hawkins admitted did not give ET a tough test.

"The offensive line did a real good job of giving us time to throw the football," he said.

In spring practice the Lions had been short on linemen and it had not come through as strongly as Hawkins would have liked. There was definite improvement in Monday's scrimmage.

"Just because we threw against them doesn't mean we can do it everytime," Hawkins added.

The line made the backs look good, supplying holes enough for ET runners to total 248 yards rushing.

"We needed some success with our offense. We'd been running against our own defense and it'd been tough to get some of those yards," the mentor said.

Gary Bowers, 6-1, 213-pound junior fullback, drew praise from Hawkins for the "fine job he did running and blocking." An All-Lone Star Conference honorable mention in 1974, Bowers is making a strong bid before the season begins to further his honors.

He picked up 50 yards on seven carries, 7.1 yards a try, including, an eight yard touchdown blast Monday.

"Boomer" Thompson, a second team All-LSC pick last year with 1,086 yards and a 5.7 yard average, led all rushers in the scrimmage with 110 yards in 13 trips, 8.4 yards per carry.

The 6-2, 185-pound tailback also punched over the first TD Monday on a two-yard plunge in the first quarter.

Thompson's score capped a 12-play, 65-yard drive on ET's first possession. Quarterback Eddie Cox, sophomore from Miami, Fla., was stopped on a run for two following a bad snap on the extra point try.

Quarterback Terry Skinner, returning starter, climaxed a 13-play, 63-yard drive in the third quarter, nailing 6-4 senior split end Bill Carroll with an eight yard scoring strike. Leonard Allen, All-LSC kicker last year, booted the point after, making it 13-0.

Bowers' TD came soon after in the same quarter after senior line-backer Brad Barker, Greenville, intercepted a fumble in the air and returned it to the Southeastern 20

yard line. Thompson scooted for 12 yards on the first play, setting up Bowers' score. Tom Hay, of Bandera, booted the point after, making it 20-7.

Southeastern began to move in the final period against ET's combination of second and third team defenses. Driving inside the 5 yard line, the visitors forced defensive coach Bobby Fox to call in his goal-line defense. Southeastern then scored on a two-yard quarterback keeper over right guard, making it 20-7 with the extra point boot. The drive covered 70 yards in 14 plays.

Freshman quarterback Guy Epley, 182-pounder from Bonham, engineered a 9-play, 45-yard drive for the final score, sending freshman fullback Mike Comer the final yard for six on the last official play of scrimmage. Leonard Allen toed the point after, making it 27-7.

"We're real pleased with our two freshman quarterbacks," Hawkins said, referring to Epley and Randy Norman, 200-pounder from Dallas Kimball.

Skinner led two TD drives, 63 and 65 yards, and hit one of three passes for nine yards. Cox hit five of seven aerials for 68 yards and rushed for 11 yards. ET quarterbacks totaled eight of 16 tosses for 90 yards.

Joe Northcutt, Atlanta freshman, 5-9 and 159, scampered for 40 yards on seven carries.

Southeastern netted 80 yards rushing against the "Blue Gang" defense, but picked up 124 yards through the air on six of 15 passes, including a 49-yard completion.

"The weak thing was our secondary. We got mixed up on our responsibilities in the secondary," Hawkins said.

"Our young kids are coming along real well," he said.

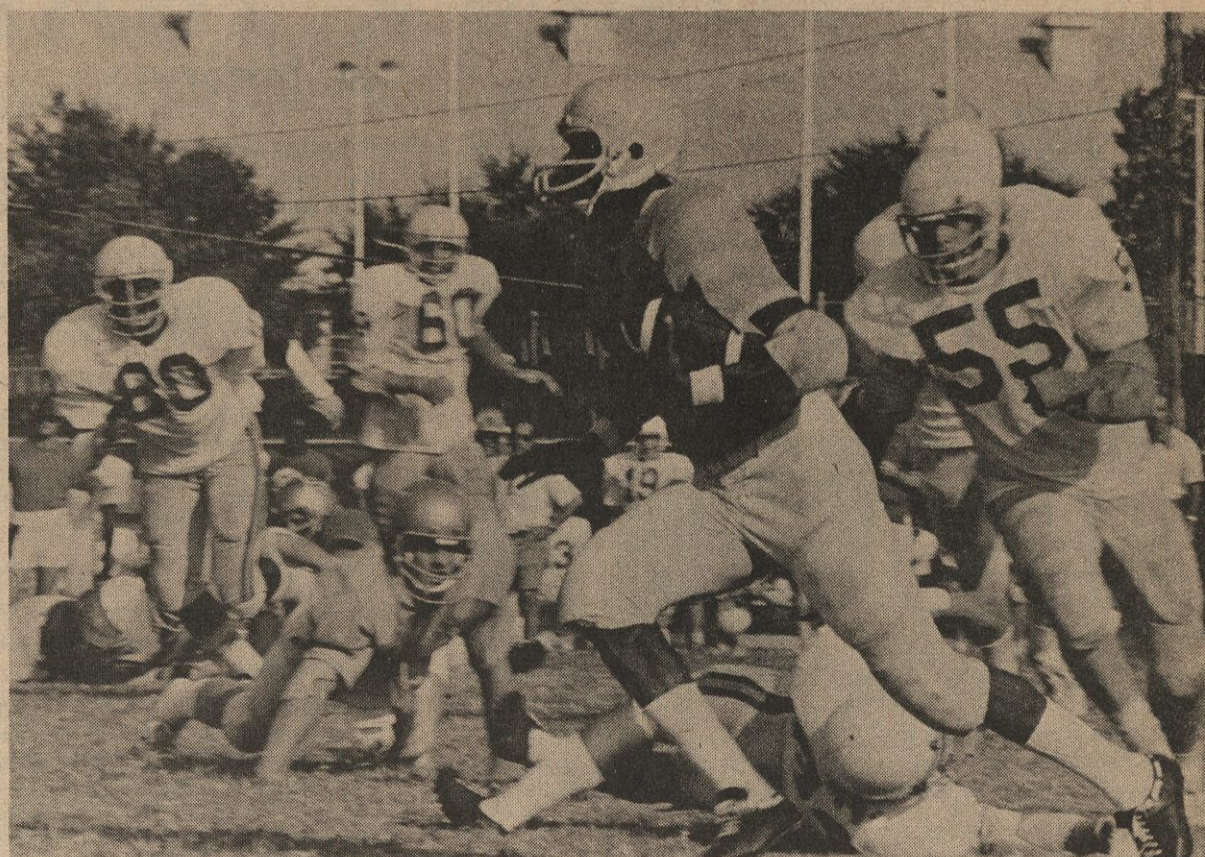

A couple of names Hawkins praised included freshmen Don Jones of Friendswood and Tommy Nobles of Dallas Sunset. Jones is a 6-4, 205-pound line-backer and Nobles is a 6-0, 220-pound defensive lineman.

Another name he mentioned was Gary Pitts, Alvin freshman punter.

Speciality team work is next on ET's priority list of things to improve, Hawkins said.

"That's the big thing we'll be working on the next few days," he said.

A Saturday practice will probably center around punting, kickoffs and coverage, plus some tightening up of the defensive secondary, he added.

BOOMER HOOKS 'EM—Jaunting around left end for a sizeable gain in Monday's scrimmage with Southeastern Oklahoma is ET's Aundra "Boomer" Thompson, a 6-2, 185-pound senior from Richard-

son. Thompson led all rushers in the scrimmage, gaining 110 yards on 13 carries and scored the first touchdown on a two yard burst.

(Staff Photo by Gene House)

Texas A&I selected to repeat LSC title

Lone Star Conference sports information directors have picked defending NAIA Division I national champion Texas A&I University's Javelinas to repeat as conference winners this fall.

Seven of the ten SIDs voted for A&I to win the 43rd LSC football title. None was allowed to vote for his own team.

Balloting for second place resulted in a close race with Southwest Texas State picked as runner-up, Abilene Christian College third, East Texas fourth and Angelo fifth.

Stephen F. Austin was selected to finish sixth, followed by Howard Payne, Sam Houston, Sul Ross and Tarleton.

A&I returns nine offensive and nine defensive starters from the 13-0 championship team.

New flag football rules; entry deadline Sept. 11

By STEVE WAGGONER
Staff Writer

Entries for intramural flag football will open Monday, Sept. 8, and close Thursday, Sept. 11, according to Barney Iles, men's intramural director. Entry forms may be obtained from the intramural office in the ET Field House.

A rules interpretation meeting will be held at 4 p.m. Thursday, Sept. 11, in the ET Field House, with coaches and team captains required to attend. Play will be divided into a fraternity league and an independent league, with action beginning on Monday, Sept. 15, Iles said.

Iles also said that there will be three major rule changes from last year. The first rule change will limit teams to eight men on the field at a time, as opposed to nine men last year. Iles explained that this was to give the referees better control of the game.

The offensive team will be required to have five linemen and three backs, Iles said.

The second rule change will cut

the roster limit from 25 men to 15 men, Iles said. He said this change was to reduce the number of people occupying the sidelines. Iles said this rule should not affect independent teams, but it might hurt some fraternity teams. He said if there was enough interest from the fraternities, the intramural department would establish a "B" league for fraternities wishing to enter two teams.

The third rule change will allow punt returns. Last year the ball was declared dead as soon as a receiver caught the punt or as soon as the ball rolled dead.

The Other Brothers, independent and university champions last year, will not field a team this year. Delta Tau Delta is the defending fraternity league champion.

ET Colloquium set Monday in library

The University Honors Colloquium will begin meeting Monday, Sept. 8, in the Colloquium Room, second floor of the library. Any person interested in attending the colloquium during the semester is invited to attend, reports Dr. Glenn Fournet, Director of the Honors Program.

The schedule for each week will be:

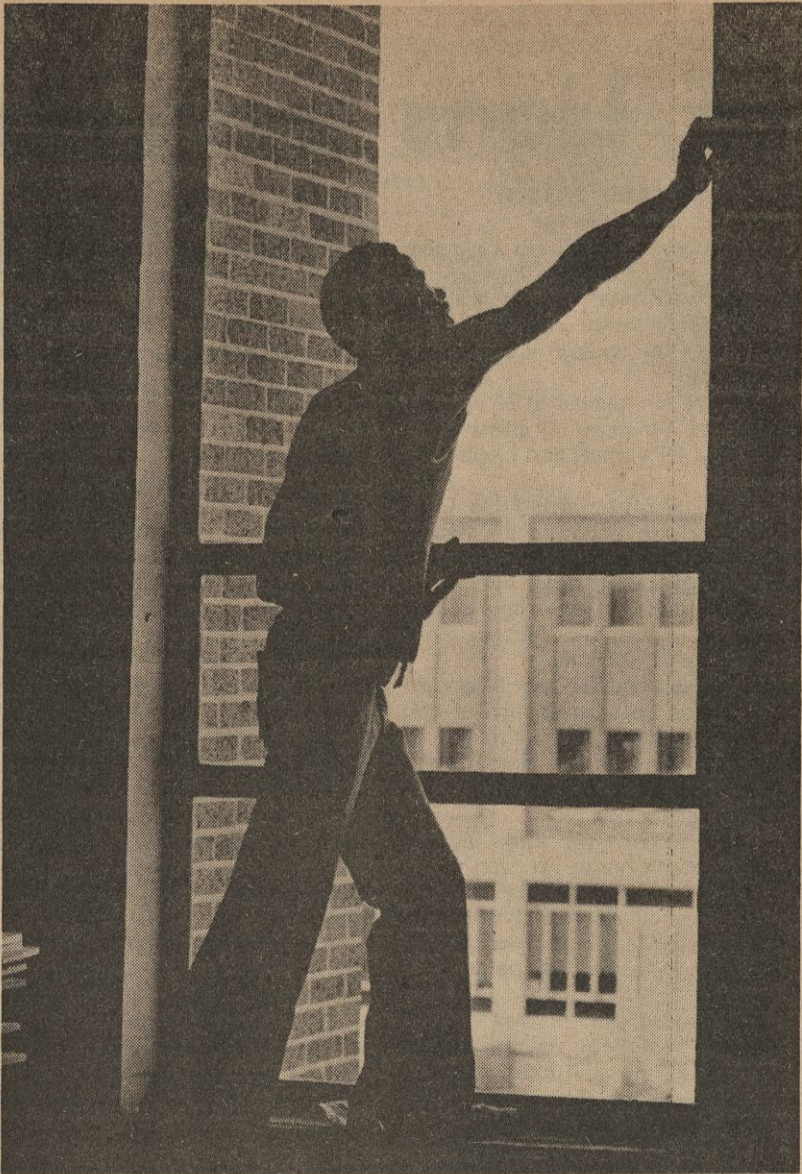

Monday, 9:30 a.m. Dr. Richard Fulkerson, assistant professor of literature and languages; 1:30 p.m. Major Harold E. Eaton, assistant professor of aerospace studies.

Tuesday, 10:30 a.m. Dr. Barbara Hammack, assistant professor of elementary education; 1:30 p.m. Dr. M. M. Norris, associate professor of agriculture.

Wednesday, 1:30 p.m. Dr. Judy Greer, assistant professor of student personnel and guidance; Mrs. Lois Parham, instructor of psychology; 2:30 p.m. Dr. B. Charles Brice, assistant to the vice president for academic affairs.

Thursday, 10:30 a.m. Dr. Harry Fullwood, associate professor of special education; 1:30 p.m. Dr. David A. Talbot, director of counseling center; 3 p.m. Dr. Dave Channels, associate professor of economics.

Friday, 11:30 a.m., Dr. James McFeeley, assistant professor of biology; Dr. Donald Ingold, assistant professor of biology; Dr. Don Lee, assistant professor of biology.

FAMILIAR CAMPUS SITE—This workman, like several others on campus, has become a familiar sight since construction began on three building projects last year. The silhouetted man above is working in the Agriculture-Industrial Technology Building, which is expected to be finished sometime in October.

SMU to sell flipcards to students

DALLAS (AP)—"Get your peanuts, popcorn, flipcards."

Flipcards?

Yes, Virginia, Southern Methodist University is breaking with tradition and will dispense this year with football programs at home games.

"Our reasoning is three fold," explains athletic director Dick Davis. "Flipcards will be much cheaper, second, we feel like most people are interested mainly in the rosters anyway. Thirdly, the rapid rise of printing paper in the past year has made printing a full program very expensive."

The flipcards will carry only roster information for both teams rather than the advertising, school backgrounds and other details printed on football game programs.

Society schedules meeting

A new campus organization, The Society for the Study of Political and Social Philosophy, will hold its first meeting at 8 p.m. Tuesday, Sept. 16, in the Sabine Room of the Student Center, according to Mark Clinton, one of the group's founding members.

Clinton said the group's purpose is "in-depth study of political, social and theological issues." Faculty advisers include Dr. Ellis Sandoz, head, Political Science Department, and Dr. Miroslav Hanak, literature and languages faculty.

At 8 p.m. Tuesday, Nov. 11, in the University Auditorium Bob Greene will present a revival of ragtime music in a program entitled "The World of Jelly Roll Morton." Jelly Roll was a New Orleans jazz performer in the 1920's and Greene has organized a band of seven that recreates Jelly Roll's music.

The final program for the fall Forum Arts series will be a presentation by the National Theatre of the Deaf at 8 p.m. Thursday, Nov. 20, in the University Auditorium.

The Theatre's presentation will be an epic revue entitled "Parade," which will utilize a combination of sign language, speech, mime and music.

A Forum Arts card is required for admittance to the ET Nelson presentation and Dr. Wheat explained that cards may be obtained in a student's major department through Saturday, Sept. 13. Late registrants may sign up in the office of the College of Liberal and Fine Arts on the second floor of the Social Sciences Building. Faculty and staff cards will be distributed by the graduate assistant in Forum Arts.

Students enrolled for Forum Arts who miss regular Forum Arts programs may attend one alternate program to make up for each absence.

Alternate programs will be held at 8:15 p.m. in the Concert Hall at the Music Building. The first program is Tuesday, Sept. 30, featuring John Burkett, organist; the second program will be held on Tuesday, Oct. 28, with the Chamber Singers; the final alternate program will be held on Monday, Nov. 3, featuring the Brass Choir.
