E. T. Student Recalls Hostilities in Philippines

If you're in one of those moods in which you crave purple hearts, Miss Hodge would be the continuent, talk with Mary Jane Hodges, freshman at East, service record, During one of the Texas State college. She's one person who can say, "Peace, numerous air raids on Manila, it's wonderful," and back up that statement with book-like adventures.

From the time of her birth, the 18-year-old coed has From the time of her birth, the 18-year-old coed has jumped from one excling adventure into another, and she's quite happy to settle down to the peaceful existence of a college become complete the peaceful existence of a college become complete the peaceful existence of the test of the stand. And had she been old enough to collect thoughts at the time, Mary Jane might have believed that such a debut would enable her to go to her San Juan de Ribal home and live a quiet, uneventual lile. But such was not the

Recalls Bombing
"I was at school that first day "I was at school that Hrst day of bombling," she recalls of World War H. Panic was every-where, and I could do nothing but run and scream. The bomb-ing soon ceased, and I made my way to my aunt's house. The next morning I went to the rest of

my family And this bombing was the

And this bombing was the opening of another chapter in Mary Jane's life of excitement. The coed's father was taken prisoner and placed in Santo Tomas, college converted into a prison camp. Her mother, brothers, sisters and Miss Hodges were sent to another prison camp where they remained six were sent to another prison camp, where they remained six months. From this prison camp, the Hodges were moved to a re-stricted area, where they were taught to bow down to the Jap-

anese.

Food Was Scarce

Life in the prison meant going without food most of the time, recalls the girl. "At first there were a few things to eat. Later on, we ate cats, dogs, ba-nana tree trunks, leaves, roots, bark, lizards and just about everything else."

mere, unarde and just about revalls in incident involving chewing gum which might have cost her her worked in the second part of the war, a little Japanes gir walked up to me one day chewing some spice of bubble gum since the war started. It was so tempting I nonche her down, took the war started. It was not empting I nonche her down, took the gum wary from her, crammed it into my mouth and rean away as fast set Tooks.

numerous air raids on Manila, she was crossing the main bridge to the foxhole. She stepped on the right place and set off the mines under the bridge.

I landed in one piece except some fractured ribs and

She was able to pull herself in to the foxhole, where she stayed until American soldiers gave her medical aid 11 days later.

Last weeks of the war wore on, and the bombs, ack-ack, mortars and bullets continued to whiz

Study of Languages

Why is there such an apathy and lack of interest in foreign languages on the campus of ET.? Why, indeed, is this same condition rampant throughout the country? where the control of the c

After all people of other countries think, speak and act in their native languages as we do in English. A mastery of in their native languages as we do in English. A mastery of a language is to gain a comprehension of the culture, civilization and mores of the people who speak that language. The United States is no longer an isolated nation. The more we know about other nations and their ways, the better we will be able to live peacefully and amicably with

them.

Here at E.T. we have some of the finest language teachers in the state, teachers who are versed in the cultures and civilizations of foreign countries.

It is criminal for students to pass by the opportunities afforded them at this school for studying languages. Why, then, is that the case?

and whine. Miss Hodges spent the threw my arms around the first last two weeks in a hole, six feet G.I. of the US infantry, kissed deep.

"This cold, damp hole was very awful, and I was only hoping for someone to take me out of my someone to take me out of my misery. Files, mosquitoes, shrap-nel and bullets whizzed around us. I always knew to hit the dirt, open my mouth, shut my eyes and press my ears tightly with my hands when I heard a sound like the squalling of a cat."

"Bullets, bombs and rockets found their way all around the bomb-shelter hole," declares the

"All of a sudden, we heard a "All of a sudden, we heard a terrific explosion very close to us, and pleces of tile began to slap me in the face." The student knew that her home was gone and that the tile was from the

Has Narrow Escape
She recalls, "I was so weary
and tired that I believed that I
could no longer stand the mess.
I went out of the hole and ran
to an old barn about 50 feet from
the hole. There was an old cot
there, and I had told Mother
that If I were going to die, I
wanted to die resting." She remembers going to the some the members going to sleep on the cot. When she awoke, she look-ed at the foot of the cot and saw shrapnel encased in it, and her hand was bleeding where shrap-nel had glanced it.

"I guess I broke the world's record when I ran back to Mother and to that most invit-

him and called him "Daddy."
Relatives Killed
Her father was released 37
months after he entered prison
camp. Mary Jane lost a brother,
four uncles and fire aunts to
the Japanese, but in July after
the war was over, she boarded
a boat in Manila. On a Friday the
Sith of August, she caught her
first glimpe of the Golden Gate
pridge in San Francisco.

Mary Jane, who was graduated as valedictorian from Quinlan high school, is attending East Texas State college on a scholar-ship. She sums up her exper-iences with this statement, 'Just exactly what happened is so hard to remember but even hard-er to forget."

A dog's tongue is the only part of its body that can per-
