SUB-COLLEGE LEADING INTRAMURAL CONTEST

With only four more games to play, the Sub-College basketball team is still boasting a 100 per cent standing. School Boys Make Good With Hollands Magazine

Five students from the East Texas State Teachers College will manage crews of student magazines for Houston, Dallas, and the South during the summer season of 1930...

Heading the list will be Clyde Mayes, who in 1929 set a record for Houston's student sales organization by selling 1,350 subscriptions...

J. Norwin Chapman, who enters his fifth consecutive season as manager of the magazine, has averaged 4624 above all expenses...

Forrest Ebley and Hal Adams sophomores, will be two more who will take out crews for Holland's. This pair, who will work their third straight season with the magazine in 1930, averaged approximately \$950 each...

Wayne Chapman, brother of J. Norwin, who enters his fifth crew manager for Holland's from the College. It will be his second consecutive year as manager...

The East Texas State Teachers College is one of Holland's chief sources of student and staff men in Texas. Mr. Hunter said...

They Live But Once

CHIPS

Wisechips become popular in some seemingly unknown manner. Live a brief but active life and then live on in the memory of forgotten phrases.

MISTINES

I have a gray day. When mist is hanging low, I'll be a gray day. And try so hard to know Of all its mystery.

WHITE LIPS

Though a girl should scold the moon in two With half-wedged wings. Through April should scratch teeth on the moon.

Indecent

I gave words. They were crystallized into beautiful things. You punctuated them, and said that they were indecent.

NAYBE

Perhaps it would have been better to never know a noon. Night might have been forgotten's interment.

Pledges Furnish Campus Amusement

There have been many amusing exhibits on the Campus during the last week as many clubs are submitting new members. The pledges are being submitted to the campus.

Here on the E. T. campus one may learn many things which one will not hear around any other college, and then there are the slang expressions that are known on almost every campus in Texas.

There are many other slang expressions used throughout the state such as "She's a stopy," "speaking of a charming girl," "do dust em" means to go trip.

Perhaps it is not the American Language. Says our speech is so different from that used in England that it really should be called the American. Instead of English, however, the "sanskrit" of our country is the slang expressions or wisecracks after it has become widely known.

"Put it in the sun" was an expression that was wide vogue during Al Smith's campaign for the presidency. It was used frequently after the election.

Some people think slang is a disgrace to our fine language, but I can remember our forefathers used such cracks as "ride em cowboy" and "Jerk 'er Dad" "day right in them and let'er buck."

PT. WORTH, Jan. 31—"I am deeply sorry that the college is a safe place for our American youth." I don't think that it is President E. M. Wain, of Texas Christian University, then he hastens to add: "The safe and safe place for young men or old in the grave."  
"A college is a good place in which to grow, and grows in less danger, since it means the possibility of growing worse as well as better. Perhaps one of the most difficult things in our American life is to be moral, and yet not to be narrow minded. It is this thing we seek for our college students."

The administrative officers of the college and the students met at the regular weekly meeting Thursday, January 18, decided that beginning with the first "Band Week" would be on Monday preceding the

**T. I. A. A. SCHEDULE FOR THE FOLLOWING WEEK**  
 February 10 and 11, East Texas vs. Abilene Christian College at Abilene.  
 Sam Houston vs. Stephen F. Austin at Nacogdoches.  
 February 12 and 13, West Texas vs. McMurry at Abilene.  
 Denton Baker vs. East Texas at Brownwood.  
 February 14 and 15, Sul Ross vs. Daniel Baker at Brownwood.  
 North Texas vs. South Texas at San Marcos.

The East Texas Lions will look about and the underdog in the M. T. athletic but Sunday morning to make their seven-day trip of the week. The Lions will journey to take on the Abilene Christian College boys in a couple to contests to be played Monday and Tuesday evenings from there the Lions will move southward to settle a dispute with the Hill Billies Wednesday and Thursday after the week. The Lions are expecting much trouble while on the road and will more than likely not be surprised to find that there is more trouble than expected. The A. C. C. lads have had hard luck this season, but seem to be coming to the front with their basketball tactics. We believe the Lions will add a couple of points last while in the western territories, but we realize that this can be done only by a score when the Lions arrive at the Hill Billies range and will demand one of our hardiest opponents to keep up their percentage down a few points, however, if the Lions beat the brand of basketball they used on the Hill Billies while in Commerce, then we could decide just how these boys will finish with the pennant. We feel that one of these teams with the help of the advanced contenders will be able to finish with the pennant. Neither of these aggregations expect to beat out because the Wind Bell boys from Canyon have a percentage of high report notes that can mean that with McMurry. If these games have been cancelled we have heard notice of such.

Coach Parsons is giving his reserve plenty of action and seems to have some good material that will take the place of some of our veterans next week. The reserves took the powerful Greenville high school to a size thrashing this last week. They have shown much improvement since they have been turned over to Coach Parsons. The Denton Baker raised their record from that quoted a few days ago by defeating the Nacogdoches lumberjacks in a hard fought game Saturday night. We regret that the score cannot be ascertained at the present.

Girls, snap him, and we will finish him. Howe and Son, photographers.  
 Miss Margaret McGill, teacher of Spanish and Latin in the Demonstration School of the College, is spending the week end in Waco with her family.  
 Miss Mary Spain who is from the Denton, left Friday to spend the week end at home.  
 When we try to figure out the problems as to who will be winner of the pennant that we see our mind goes into a whirl. It seems that East Texas and South Western are trying to split the pennant down the middle; however, the season has not gone along enough for these teams to feel that one of these teams will finish with the pennant. We feel that one of these teams with the help of the advanced contenders will be able to finish with the pennant. Neither of these aggregations expect to beat out because the Wind Bell boys from Canyon have a percentage of high report notes that can mean that with McMurry. If these games have been cancelled we have heard notice of such.

It has been rumored that they can't finish their conference schedule, but the official report states that Cameron, team of the season from the Bearkate, which according to the odds, gives them the big end of the deal, but you know that old dope bucket is often

## College Is Host To Scholarship February 21-22

The Council of the Scholarship Societies of the South will hold its annual meeting with the 22. 22. Blinn chapter of the East Texas State Teachers College on February 21 and 22. Delegates from thirty of the public colleges and universities of Texas, Louisiana, and Arkansas will be in attendance upon this meeting. Dr. S. H. Whitfield, president of the Council, will welcome the visiting delegates and Prof. W. P. Davidson of the Southern University will respond.

The business session of the Council will be held on February 21 in the evening a banquet will be given in the new Education building of the First Methodist Church. Honoring "the delegates" this banquet will be sponsored by the R. B. Blinn chapter, the faculty of East Texas State Teachers College, and representatives of the various clubs of the city and student organizations of the college.

Several distinguished speakers will appear on the Friday evening and Saturday morning program. The annual address of the Council president, Miss Emma Benedict, President of the University of Texas, will be heard at the evening program, and the address of the President of the University of Texas, will be heard at the Saturday morning program. Every effort possible is being made by the local chapter to have one hundred percent attendance of all the chapter members, and a great meeting is expected.

Misses Mary Kemplong and Bill Browning, graduates of College and Miss Topsy Nell, also a former student in the C. D. C. are were visiting in Commerce over the week end. The three young ladies are teachers in the High School at Sandy, Texas, and returned to visit friends on the campus. Remember those School days. Take snapshots. Let Howe and Son develop them.

## LEAGUE OFFERS THESIS PRIZES

Two national contests of the kind sponsored by the Educational League of Nations have just been announced by the League of Nations Association. Students in the 6967 high schools throughout the United States will have a chance to compete in an examination on the League, while those in over 300 teachers' colleges and normal schools may submit a thesis on some phase of internationalism. The winning student in each contest will have a trip to Europe; the second prize in each is \$100; the third prize \$50; in addition, a series of state or city prizes will be arranged by the Association.

The high school examination will be held on March 14, 1930 in the various schools, registration for the thesis contest must be in by March 1st, and the papers themselves must be mailed by March 31st to the Committee on Award.

The examination is the fourth of the National Competitive Examination for High School students to be held by the League of Nations Association. The first trip to Europe was first won by David Wilson, 15 years old, of Portland, Oregon; the second year by Henry Bennet, 15 years old, of Clarkdale, Mississippi; and last year by Winfred Palk, 16-year-old student of Norman, Arkansas.

night of March 22nd to the Chairman on Award, League of Nations Association, 6 East 39th Street, New York City. The Committee on Award is: Miss Helen Chamberlin, Clerk; Chairman: Charles C. Bassett; Joseph P. Chamberlain; Everett Colby; Clyde Engleton; W. O. Kinney; John L. Tisdler.

This year the contest for Teachers Colleges and Normal Schools is to be in the form of a thesis instead of an examination. The subjects include: How Patriotism and Internationalism may be encouraged herefrom the two best papers for forwarding to the Committee on Award; (2) by local preliminary examination arranged entirely by the teacher in charge; (3) by vote of the student body; or (4) by appointment on the basis of scholarship.

Questions in the examination will be based on "A Ten Year Review of the League of Nations," published by the League of Nations Association. One copy of this volume will be sent free of charge to each school. The two papers from each school may compete in the national examination. It is suggested that they be selected in one of four ways: (1) by one student; as may be desired taking the national examination, and the teachers select.

through the League of Nations; Disarmament; Obstacles and Accomplishments; Practical suggestions for instruction in the League of Nations through the teaching of geography. An Official story for children based on some specific incident or accomplishment of the League of Nations, or illustrating the aims and ideals of the League. If there are other topics of interest, they may submit such topics to the Committee on Award for approval.

Any regularly enrolled student in a teachers college, normal school or department of education of a college or university may compete. Students must register for the contest by March 1st, 1930, and the essays must be mailed not later than March 31st to the Committee on Award, Teachers College Contest, League of Nations Association, 6 East 39th Street, New York City. A suggested bibliography will be sent on receipt of the registration blank.
